Supreme Court Upholds Contempt Conviction Of Lewis

Fine Assessed Against Lewis Gets Approval

Court Decision Conditionally
Reduced Fine Against
Miners From \$3,500-
000 To \$700,000

OPINION ASSAILS CONDUCT OF LEWIS

(BULLETIN)
WASHINGTON, Mar. 6.—(INS)—The supreme court by a vote of seven to two today upheld the coal walkout contempt conviction of John L. Lewis and the United Mine Workers but reduced the union's fine from \$3,500,000 to \$700,000.

The \$10,000 fine levied against Lewis was permitted to stand.

Chief Justice Fred M. Vinson wrote the majority opinion which declared that Lewis and the union "showed a total lack of respect for the judicial process."

(BULLETIN)
WASHINGTON, Mar. 6.—(INS)—The supreme court today upheld the contempt conviction of John L. Lewis and the United Mine Workers in the coal stoppage last November, but greatly reduced the fine levied against the union.

The UMW's \$3,500,000 fine imposed by Federal Judge T. Alan Goldsborough was cut from \$3,500,000 to \$700,000. The \$10,000 fine assessed against Lewis was permitted to stand.

Conditional Reduction
Although reducing the fine against the UMW to \$700,000, the Supreme Court held the balance of the penalty—two million, 800 thousand dollars—in abeyance only upon condition that the union ultimately comply with the order of the lower court.

The court said that the additional fine of two million, 800 thousand dollars would be withheld only upon condition that the UMW within five days comply with Judge Goldsborough's restraining order of last November 18 and the preliminary injunction of December 4 extending the order.

Judge Goldsborough had directed Lewis and the union to withdraw a notice terminating the miner's wage agreement with the government, which precipitated the 17-day walkout of UMW members throughout the soft coal fields.

"The defendant union can effect full compliance only by withdrawing unconditionally the notice given by it on November 15, 1946 to J. A. Krug, secretary of the interior, terminating the Krug-Lewis agreement."

The court added that the union also must notify its members of such withdrawal.

Chief Justice Fred M. Vinson wrote the majority opinion which declared that the conduct of Lewis and the union "showed a total lack of respect for the judicial process."

Justice Frankfurter wrote a concurring opinion. Justices Black and (Continued on Page Twenty-seven)

Fifty-Year Alliance With Russia Is Aim

By JOHN A. REICHMANN
(U. S. Staff Correspondent)
WASHINGTON, Mar. 6.—(INS)—Secretary of State George C. Marshall today was expected to press with all his power to induce Russia to sign a 50-year alliance treaty with the western powers at the "big four" foreign ministers meeting in Moscow.

Diplomatic observers in Washington were convinced that this project would be one of the major issues in connection with the proposed agreement on "fundamental" principles which Marshall hopes to achieve at the Russian capital.

Marshall himself has not made any public statement on the subject. But shortly after his departure from Washington for Paris and Moscow, the state department made clear that the United States is still committed to the formulation of such a pact.

Such a pact had been proposed originally by the then Secretary of State James F. Byrnes while at the "big four" meeting in Paris last spring. It was there that the treaties for the German satellite states—Italy, Hungary, Rumania, Bulgaria and Finland—were drafted.

Shooting Case Still Mystery

No developments were reported today by District Attorney Leroy K. Donaldson in the mysterious shooting of John Morsell, who died Tuesday morning.

His wife, Mrs. Mary Morsell, reported that she found him on the floor of their front street home on Monday night, unconscious. He was removed to the New Castle hospital and died on Tuesday morning. An autopsy revealed death had been caused by a .38 calibre bullet which entered the temple and deflected down through the jaw and into the throat.

Since then Mr. Donaldson has investigated every clue that has been turned up, has questioned Mrs. Morsell, but no arrests have been made.

Fire Threatens Township Home

Neshannock Township Firemen Avert Serious Blaze By Quick Action Wednesday Afternoon

Fire threatened serious damage to the home of John R. Frazer, Matland Lane, Neshannock township, Wednesday afternoon, but prompt discovery of the blaze, and quick response by the township firemen were responsible for holding the blaze to a clothes press where the fire started, and keeping the loss at a minimum. Fire Chief James Messner stated today. Damage of around \$200 was reported, most of the contents of the clothes press being destroyed.

Prompt reporting of fires, as in the case of yesterday's blaze, is stressed by Fire Chief Messner, as it enables the firemen to get the fire before it can spread through a place. The numbers of the township fire department are 6771-J and 1377-M.

MELTS HUGE PILE OF SNOW TO FIND HIS \$1,500 RING

LEHIGHTON, Pa., Mar. 6.—Three thousand pots of snow were melted and poured down the drain, and today Dr. Robert Christman has his \$1,500 ring back on his finger.

Dr. Christman dropped the ring in a snow pile while cleaning the windshield of his automobile. A highway snowplow piled four more feet of snow over the spot before he could find it.

Yesterday, after two days of shoveling and melting, he recovered the gem.

Senator Tobey Holds Key Vote On Rent Boost

WASHINGTON, March 6.—(INS)—Sen. Tobey (R-N.H.) today appeared to hold the deciding vote in the Senate banking committee on approval of a ten per cent rent ceiling hike.

Tobey, chairman of the group, firmly kept his own counsel as to how he would vote at this afternoon's meeting of the full committee to pass on a bill reported by a five-man subcommittee.

His twelve colleagues, meanwhile, were tied six to six on strictly party lines for and against the ten per cent across-the-board ceiling increase which is the main feature of the subcommittee bill.

The banking committee moved into the forefront of the OPA fight after the Senate voted to give the rent control agency \$7,901,815 in new funds plus nine million dollars already authorized, with the proviso that it be liquidated by June 30, 1947.

The Senate action now goes to conference with the House which voted to rescind the nine million dollars and refused the OPA any new funds at all.

Supreme Court In Georgia Hears Governor Case

ATLANTA, Ga., Mar. 6.—(INS)—The biggest case in Georgia's history gets under way today in the state supreme court, with counsel for both sides ready to argue for and against the right of the general assembly to elect Herman Talmadge governor.

Revolving around this point are the conflicting claims to Georgia's governorship of Talmadge, and Lt. Gov. M. E. Thompson.

The point in question was brought to the state's highest judicial body in the form of an appeal from three cases previously decided in superior courts in McDonough and Rome, Ga.

The two McDonough decisions—one by Judge Walter C. Hendrix and the other by Judge Bond Almond—upheld the general assembly's right to elect a governor, as it did on January 14.

The Rome decision, by Judge Claude Porter of the Floyd superior court, upheld Thompson's claim as the duly-qualified successor to Ellis Arnall as Georgia's chief executive following the death of governor-elect Eugene Talmadge.

ASK EXECUTION DELAY
SALONIKA, March 6.—(INS)—The United Nations Balkan commission asked the Yugoslav government today to postpone the execution of five alleged quisling on the grounds that the condemned men possessed information valuable to the commission.

The request was made to Joseph Dierdje, Yugoslav liaison officer with the commission.

Will Begin Work On Tax Reduction Bill

By WILLIAM THEIS
(U. S. Staff Correspondent)
WASHINGTON, Mar. 6.—House-Senate negotiations over a budget compromise complicated by new possible foreign commitments, ran into trouble today even before they had properly begun.

Republican leaders, after two private meetings on the widely divergent budget-tax-debt stands taken in each House, appeared divided on the effect of a loan to Greece. Many Republicans and Democrats view the Greek request for financial aid as a "turning point" in U. S. foreign policy.

ON AIR JOURNEY TO MOSCOW SESSION

By J. E. LEE
(U. S. Staff Correspondent)

PARIS, Mar. 6.—U. S. Secretary of State George C. Marshall arrived in Paris today on his way to the Moscow four-power conference.

A large official Franco-American delegation headed by President Vincent Auriol welcomed Marshall when he stepped from his trans-Atlantic plane at Orly airfield.

The American secretary said: "I am glad to be back in France and plan to contact French government people while I am here."

"But I cannot say anything about the Moscow conference before going there."

Will Be Feted
Gen. Marshall went directly from the airport to the residence of U. S. Ambassador Jefferson Caffery for luncheon.

He will be guest of honor at a formal banquet to be given by Auriol at the Elysee Palace tonight and tomorrow morning will place a wreath at the tomb of the unknown soldier beneath the Arc De Triomphe.

Marshall said the ocean crossing was a good one, with the big C-54 right on schedule.

Premier Paul Ramadier expressed France's gratitude over the visit in a general news interview in which he said:

"We are happy to have Gen. Marshall here. He represents a friendly nation and headed the army which helped France to victory."

"I am only sorry his stay here will be so brief."

"I would like to keep him much longer among us."

Long Dispute Now Looms On Baruch Plan

By PIERRE J. HUSS
(U. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Mar. 6.—(INS)—The United States and Soviet Russia stand in open conflict today over the Baruch plan and are headed for long months of dispute in the atomic energy commission.

United States Representative Warren R. Austin is planning a broadside reply next Monday before the United Nations security council to the Soviet Union's direct accusations that America is attempting to create for herself a world atomic trust.

Direct Contrast
In direct contrast to this widening gulf between the two powerful members of the United Nations is their common and amiable viewpoint on the request by the United States for approval by the security council of a permanent trusteeship over the formerly Japanese-mandated Pacific islands.

A meeting of the 11-nation body scheduled for tomorrow afternoon is expected to grant the approval in the light of Soviet Russia's straight backing.

New Castle Girl Will Leave Soon For Japan

Miss Virginia Cartwright of the American Red Cross, who is visiting with her parents, Mr. and Mrs. J. W. Cartwright, 407 Sumner avenue, will depart from Seattle, Wash., March 17 for Tokyo, Japan, where she will receive her new assignment, consisting of 12 months service in Japan.

Miss Cartwright at the present time is spending a well-earned furlough with her parents after serving 15 months overseas with the Red Cross at Manila. In her last assignment the New Castle girl was attached to the theater headquarters in Manila serving as an administrative secretary with the communications department.

The communications department reports the welfare of our servicemen and relays emergency messages through the elaborate procedure. After requests are made and investigation of home conditions to prove the necessity of the emergency by the local chapter of the American Red Cross, verifications are sent to military authorities in Washington, D. C. Messages are then sent to the theater headquarters by means of army radio facilities.

G. L. Joe is contacted through the field director and messages retreat. Miss Cartwright states that living facilities at Red Cross headquarters in Manila are excellent. They have a compound of houses with eight (Continued on Page Two)

Would Legally Ban Government Employee And Teacher Strikes

By LEO W. O'BRIEN
(U. S. Staff Correspondent)

ALBANY, Mar. 6.—Gov. Thomas E. Dewey served notice on the nation today that Republican-controlled New York state will not tolerate strikes by teachers or other governmental employees.

The 1944 GOP presidential nominee, willing to cast his chances for the 1948 nomination into the balance, made clear his all-out support of a bill in the legislature which would:

1—Deprive any striking public employee of his job.

2—Deprive such an employee, if re-employed by a municipality, of job tenure for five years.

The governor and his allies, Republican majority leaders of the legislature, anticipate an outcry against the stringent measure from teacher organizations, labor groups and others.

Will Not Retreat
Nevertheless, they intend to stick to their guns, forcing the measure through in the final weeks of a turbulent legislative session.

One leader said today that the GOP, if necessary, will make the (Continued on Page Two)

Maine Retains Early Election

AUGUSTA, Me., Mar. 6.—(INS)—The slogan of election time "as Maine goes, so goes the nation" is not to be abandoned.

The House today retained for Maine the distinction of being the only state in the union to hold its state elections in September.

By a vote of 79 to 49, the House rejected a proposal to hold them in November.

In presidential years, the Pine Tree State has two elections—the state election in September and the presidential election in November.

London Blizzard In Second Day

LONDON, Mar. 6.—(INS)—Britain faced new hardships today as a blizzard continued into its second day and cut the production of sorely needed coal.

The storm virtually paralyzed the British Isles only three days after industry was permitted to resume use of electric power.

It was feared that unless coal supplies get through to power plants further restrictions on the use of electricity may be necessary.

World Trade Is Discussed By President

Truman Stresses Need
For Reestablishment Of
World Trade As
Peace Aid

MAKES ADDRESS AT WACO, TEXAS

By ROBERT G. NIXON
(U. S. Staff Correspondent)

WACO, Tex., Mar. 6.—President Truman called today for reestablishment of world trade as an indispensable step toward peace and freedom for all nations.

The chief executive said the solution to the world's economic ills is offered in the charter of the international trade organization to be considered at Geneva next month. He added that the United States "can lead the nations to economic peace or we can plunge them into economic war."

But Mr. Truman emphasized that in the negotiations at Geneva the United States does not intend to eliminate tariffs or establish free trade. He said:

"In the process of negotiations, tariffs will not be cut across the board. Action will be selective; some rates may be cut substantially, others moderately, and others not at all."

"In return for these concessions, we shall seek and obtain concessions from other countries to benefit our export trade."

The president in an address at Baylor university, where he was made an honorary doctor of laws, urged bipartisan support of the government's foreign economic policy. He asserted:

"Isolationism, after two world wars, is a confession of mental and moral bankruptcy."

Mr. Truman declared: "Whether we like it or not, the (Continued on Page Two)

Warn Of Return Of Colder Weather

Weather Bureau Says Mild Weather
Of Today Is Temporary
Respite

The warmest weather in two weeks was expected to hit western Pennsylvania today but federal weather prognosticators warned a return to sub freezing weather is expected tonight.

Temperatures generally were above freezing in the western half of the state yesterday, and a part of the heavy snow cover—and much of the ice on streets and highways—was removed.

By tonight, main highways throughout western Pennsylvania are expected to be in good condition.

However, more snow was forecast for tonight.

In some areas, many rural roads still were blocked by drifts that piled up during the heavy snow and high winds earlier this week, but in most cases all secondary roads were clear and in fair condition.

Temperatures tonight were expected to drop to the low 20s, the weather bureau said.

Golden Wedding Monday For Mr. And Mrs. J. W. Crabbe

Monday, March 10, will be the golden wedding anniversary of Mr. and Mrs. J. Walter Crabbe of Pulaski. In the evening at 7:45 there will be a reception and mock wedding in Pulaski Methodist church in celebration of the occasion.

On Sunday the couple will entertain at a family dinner for their only daughter, Mrs. Hattie Love of Greenville. Mrs. Crabbe's sisters and Mr. Crabbe's brothers and sis-

ters and a number of nieces and nephews.

On March 10, 1897, Elizabeth Adams, of Mercer county, became the bride of J. Walter Crabbe of Lowellville, O., at a ceremony performed in the parsonage of the Youngstown Methodist church.

In the former years Mr. and Mrs. Crabbe managed the hotel in Pulaski, later made their home in Youngstown but returned to Pulaski and have lived there for the past seven years.

SPRING FLOWER PICTURES SHOWN

Lovely Kodachrome slides of the spring flowers of Lawrence county and nearby points in the state shown by Mrs. Clayton Hofmeister formed the interesting March program for the Garden Council of Lawrence County in the guild room of Trinity Episcopal church Wednesday afternoon.

Caught by the camera in their native habit at growing wild in woodland, field, and bog, were the hepatica, skunk cabbage, spring beauty, bloodroot, the snowy trillium, saxifrage, the May apple, and anemones. The slides were of pictures taken by Mr. and Mrs. Hofmeister in the course of numerous camera expeditions through the neighboring countryside.

Another series of slides showed the scenic beauty and plant life in Presque Isle State Park near Erie. Mrs. Roland Peden, of the Oakwood Garden club, was program chairman, and introduced Mrs. Hofmeister and to open the program, Mrs. George Strehler, who sang three contralto solos.

Her selections were "Bless This House", "From the Land of the Sky Blue Waters" and "Through the Years". Mrs. John F. Love was her accompanist.

For the nominating committee, Mrs. Frank Albion reported. It was decided to continue meeting in the present location for the time being and it was voted to hold an all-member Spring Flower Show in conjunction with the May meeting. For the April meeting of the council, Mrs. E. L. Davenport of the East Side Garden Club, will be chairman.

HADASSAH PLANS DONOR PROGRAM

The final donor rally for the Hadassah medical organization campaign of the New Castle chapter of Hadassah took place Tuesday evening at the home of the program chairman, Mrs. Hyman Frank, Glenmore boulevard.

Mrs. R. Rubenson, general chairman, presided and completed plans for the donor tea and reception to be held at The Castleton hotel Sunday evening, March 16. For this greatly anticipated annual function, which terminates the drive, an unusually outstanding and entertaining program is being arranged. The chapter is proud to announce that it is bringing to New Castle the talented Mrs. Evelyn Hattis Fox of Chicago, very well known in the middle west for her versatile, dramatic impersonations in costume and to music. Accompanist to Mrs. Fox will be Adrian Fisher, well-known and gifted pianist.

A resume of events as they occurred at the recent world Zionist Congress in Switzerland will be given by the delegate of the western Pennsylvania region, Mrs. C. Joseph Recht, former president of this region and now a member of the national board of Hadassah. A surprise program will be featured by Mrs. Gus Slovinsky, president of the local chapter.

Those in charge of the social tea and reception to follow will be Mrs. Joseph Greenberg, chairman, and Mrs. Leonard Smith, co-chairman.

EXTENSIVE PLANS FOR STYLE REVUE

Two floors of the Frew building, the second and third, will be the scene of an extensive preview of spring and summer styles for women and children by the Strouss-Hirschberg company on Thursday evening, March 13, under the sponsorship of the Business and Professional Women's club.

The review that has become an annual event of the spring season will for the first time this year be enlarged to include a promenade of models on the third floor of the building as well as on the ready-to-wear floor. The committee in charge hopes that this will provide seating capacity for a crowd that last spring had to be curtailed due to limited space.

All members of the B. P. W. club have tickets, including in the downtown business section the following five members: Miss Mary Bailey, Miss Mary Harvard, Miss Evelyn McGrath, Mrs. Russell B. Canan and Mrs. Gladys Baker.

All proceeds will go into a fund earmarked to be used for the establishment of a cancer detection clinic here as soon as feasible.

Mrs. James L. Vogan is chairman of the B. P. W. finance committee in charge of arrangements.

C. T. P. LADIES MEET FOR TUREEN DINNER

On Wednesday afternoon the Railroad met in the green room C.T.P. Ladies Group of the B. & O. of the Y.W.C.A. A tureen dinner was served at 1 o'clock.

Reports were given regarding the dinner and dance of a week ago. Games of contest were the diversion of the afternoon, prizes falling to Mrs. William Rank, Mrs. C. T. Jewell and Mrs. Ralph Audino. Mrs. O. F. Shaffer was in charge of arrangements.

Next meeting will be at the Y.W.C.A. on Wednesday afternoon, April 2, with Mrs. Charles Gee as hostess.

**SPEEDIE TEA RING
IN 1/2 THE TIME!**
WITH OCCIDENT FLOUR AND THE SPEEDIE METHOD

EASY TO MAKE!

INGREDIENTS
6 1/2 cups OCCIDENT Family Flour
2 cups lukewarm (87° F.) water
1/2 cup sugar
2 cakes compressed yeast
1 tablespoon salt
2 eggs
1/2 cup shortening

METHOD
Place lukewarm water, sugar and yeast in mixing bowl. Add salt and 2 cups sifted flour. Beat with electric mixer or rotary egg beater for 2 minutes. Add eggs and cooled melted shortening, beat 1 minute. Gradually add 4 1/2 cups flour, stirring until a dough is formed. Allow dough to "rest" in bowl for 20 minutes for ease in handling. Dough is now ready to shape into rolls.

EASY TO SHAPE
1. Roll 1/2 of Speedie Dough into a 9 x 15 inch rectangle on a floured bread board. (Balance of dough may be used for a second tea ring or for any other desired roll variations.) Blend 1/2 cup brown sugar, 1 teaspoon cinnamon and 1/4 cup melted shortening; spread on dough.
2. Roll jelly-roll fashion and place on greased baking sheet with sealed edge down. Shape into a ring and seal ends together.
3. With scissors cut through ring to 1/2 inch of inner edge—in 1-inch slices. Twist each slice on its side. Cover and let rise in a warm place (about 85° F.) for 40 minutes. Bake 30-35 minutes in a moderately hot oven (375°).
4. Prepare icing by blending 1/2 cup powdered sugar, 1/2 teaspoon vanilla, 1 tablespoon milk. Spread on warm Tea Ring. Nuts and maraschino cherries may be placed on icing.

Had Enough

In what seems to be a mood of quiet desperation a radio station in New York has announced a ban on all performances of the song "Open the Door, Richard" on its programs and a moratorium on all Richard gags. Although a person is only an occasional and sporadic listener to the radio, it isn't difficult to understand how the managers of this ether outlet feel.

The ancient Chinese had an ingenious torture in which single drops of water were allowed to fall on a prisoner's forehead at regular intervals, hour after hour, until he finally went mad. The effect of the Richard song and the Richard jokes on anyone who is compelled to listen to the radio, hour after hour and day after day, could easily be identical. However clever the tune and the gags may have been at first, a man eventually reaches the point where he feels he will rush off screaming if he hears them one more time.

It would be heartening to think that this station's ban on Richard and his door marked the first step in a campaign to end the infernal repetition which marks so much of radio's fare. But apparently those who concoct chain programs have not yet learned that radio listeners are not bound hand and foot like the Chinese in the torture chamber.

They can and will switch their receivers off when the repetition of the same old tunes, gags and commercials threatens to go beyond the level of endurance.

Echo In The Steppes

It appears that the Voice of America radio program directed at Russia by the State department sounds like more of an echo than a voice as it penetrates to the land of the steppes. According to dispatches from Moscow, the broadcast, beamed through Munich, fades badly and the material provided is in considerable need of improvement. Russians say the American station at Frankfurt, Germany, comes in much better than the Munich station and that the program provided by the British in their Russian-language broadcast is superior to the Voice of America.

Despite the fact that there are not more than 1,000,000 radio receiving sets in Russia, and these are owned by communists who swear strict allegiance to Stalin, the Moscow regime does throw excellent programs on the Russian radio at the same time the American program is on the air. If beaming a radio program to Russia is worth spending \$5,000,000 of the American taxpayers' money, it is worth doing well. Otherwise the effort is wasted, as it probably is anyway.

Proposal Rejected

Representative Gearhart of California, who thought up the bright idea of offering Iceland a chance to become the forty-ninth state, has been rapped on the knuckles for his pains. Prime Minister Benediktsson has replied that his government considers the proposal highly improper and that, presumably, is the end of that.

There is no doubt that the Congressman was a trifle naive in supposing that Iceland might welcome the chance to give up its sovereignty and join the American union. He was also taking the risk of affronting Hawaii and Alaska, some of whose residents crave statehood.

But this much can be said for Representative Gearhart's idea. A time may come when Iceland would consider herself fortunate to be under the protecting wing of the United States and when the United States would be lucky to have Iceland as an advance base for air operations.

But arrangements of this sort, however advantageous they may be to both sides, are rarely considered seriously except in utter desperation and then it is usually too late.

Red Tape Relief In Sight

Business men, bedeviled by government questionnaires for 10 these many years, can take some comfort from the news that the Budget bureau is about to go after this abuse in a big way.

It should save the victims a lot of money, time and bad tempers. The belated decision has been reached never to spend more getting statistics than the figures are worth.

A sample case was the proposed issuing of a questionnaire which would have forced a comparatively small firm to hire five extra clerks for two months just to gather the demanded information.

Duplication of figures required by the Federal Trade commission and the SEC is also to be abolished. Hereafter each agency will be assigned to obtain a special set of whatever statistics are deemed necessary and then the two sets can be combined for the common use of both.

It has taken a long time for this bright idea to strike the bureaucrats in Washington, but now they may surprise us by turning up some more. There has long been a suspicion that tales of reports demanded from business and industry have just been gathering dust in government files. There was a story during the war about bags full of answered questionnaires from the coal industry that had never been opened.

Cutting red tape should also mean cutting government expenses besides the costs to business and industry. This is one way to reduce the Federal budget on which all should be able to agree.

It would be interesting to hear what Washington would say of the mess the country is in were he alive today.

The small boy who was spoiled by doting parents who gave him everything he wanted will still get what's coming to him when he grows up and goes out into the world. But he may not like it.

WASHINGTON CALLING

by MARQUIS CHILDS

Tax Structure Needs Thorough Overhauling

WASHINGTON, Mar. 6.—The other day a middle-western manufacturer was talking about the problems he faces in this post-war period. He is a partner in a family business with a payroll of about 1000, and lately he has been under great pressure to merge with one of several large corporations.

He likes his independence. Merger is the last thing he wants. Yet he concluded gloomily that he might have to give in and accept one of the very handsome offers that have come from the big corporations.

A loyal and active Republican, this middle-westerner was defending the proposed 20 per cent across-the-board income tax cut. It is essential, he argued in a sincere and somewhat aggrieved fashion, to give some relief to the man in the upper tax brackets. He is being squeezed, so the argument ran, beyond endurance, and one result is surrender to the insistent pressure to merge and combine.

In the course of the conversation, it came out that what this independent industrialist really feared was the inheritance tax. He foresaw that his death might force the sale of his stock in order to pay the tax. This, in turn, might mean loss of control of the company on terms extremely adverse to the family and to his heirs.

"So much depends," said the aggrieved industrialist, "on the interpretations of the bureau of internal revenue in Washington. For example, I ought to be able to sell my stock, pay the capital gains tax of 25 per cent, and thereby accumulate sufficient liquid capital to make it impossible for my heirs to meet the inheritance tax. But I'm not at all sure I can do that under the regulations of the internal revenue people."

This discussion points up the process of merger—the big fishes swallowing the little fishes—that has been going on at an ever accelerating pace since the end of the war. But it points up even more sharply the crazy-quilt nature of our federal tax structure which, like an idiot toady, has just "growled" shooting out tentacles here, there and everywhere.

Overhauling Delayed

Periodically in the long-since vanished days of the New Deal, the subject of taxes would come up at President Roosevelt's press conferences. He would lean back and talk learnedly about the need for a scientific overhauling of the whole tax structure, local, state and federal. Such an overhauling, he would point out, was long overdue.

But there was always an election just around the corner. And so the overhauling was postponed from year to year.

That that overhauling job is far more urgent than it was ten years ago. Yet now there is another election just around the corner, and the eager Republicans are trembling like a bloodhound on the leash in sight of long-deferred victory.

It seems fairly obvious that the 20 per cent across-the-board tax cut is bait for that election. It is a present held out to my friend, the middle-western manufacturer who has been feeling neglected and put through the long years of Democratic rule.

Quite understandably he would like to take this present while the taking is good. But if he is wise, he will look at this gift twice and then three times before he begins to cheer.

Dangerous Illusion

It might give him a temporary satisfaction—the illusion that his problems were being solved. This would, however, be only an illusion and a dangerous illusion.

The only real solution is a overhauling of the Jerry-built federal tax structure and particularly an analysis of its relation to state and local systems of taxation. That kind of solution would take patience, skill and a careful regard for the long-term, rather than the short-term, effects of federal taxation.

You will find little evidence of any such serious intentions in this Republican congress. As in other departments, notably that of national defense, the idea seems to be to pay off some obvious campaign debts on the score of economy by cutting the taxes any old way, and then to sit tight for the next election.

This is dangerously short-sighted. It makes Republican expediency look very much like Democratic expediency, the difference being that the bait is held out to another group this time. This would seem to give us no chance at the kind of reasonable, orderly government we have a right to expect.

LOOKING AT LIFE

By ERICH BRANDEIS

You have all read the horrible stories about the ghettos in Europe where millions of Jews were penned in like animals, where they were branded and tortured and killed.

You probably shuddered at some of those stories and with a complacent "thank God it cannot happen here" turned to the next page in your newspaper.

But can it really not happen here?

I wonder whether you yourself do not live in a ghetto. I wonder whether most of us aren't living in ghettos of our own making.

A ghetto, to extend the literal meaning of the word, is any "place of restriction."

How many places of restriction are there in your life?

Are you living in a ghetto of social restrictions?

Don't be too quick in answering "No."

I know very few people who are not restricted by social prejudices, must nots and cannots. "I can't afford to be seen with Mary" is a common excuse for shunning certain people who are not "as good as we are."

The person who buys a twenty-five thousand dollar house, when he can afford only a ten thousand-dollar one, lives not in a home but in a ghetto.

The woman who must have a milk coat because her neighbor wears one; the family that joins an expensive country club to keep up with the Joneses; every pretender, every fourflusher; every spendthrift—they all live in ghettos of their own making, ghettos that hold them prisoners and in which they are tortured by debts and lies.

But the worst ghetto of all is the ghetto of intolerance and ignorance.

Intolerance and ignorance are really synonyms. Intolerance is ignorance. Intolerance and knowledge can never be teammates.

What are these ghettos of intolerance?

They are religious factions one attempting to exclude the other from salvation and the intended benefits of any religion.

A member of one church that reviles a member of another lives in a ghetto.

But not only that, while he lives in his own ghetto he builds ghettos for all those who don't share his own beliefs and creeds. By denying religious freedom to others he builds a ghetto for those who disagree with him on the very foundation of democracy.

I could name many more man-made ghettos, but these few examples are enough.

The world is in a turmoil. We are trying our best to put it in order. The first thing we must do is to destroy the very last ghetto in our own country and in our own hearts.

Let us destroy ourselves. (Copyright, 1947, King Features Syndicate, Inc.)

The Parent Problem

By Garry C. Myers, Ph. D.

CHILD'S BEHAVIOR AT SCHOOL

All too many parents do not care if their child misbehaves and disobeys as school. Some parents, indeed, are always ready to take the child's part, assuming that the child is always right and the teacher always wrong. These parents usually are enemies of the school and their own child, in the long run. Not many of them write me, though some teachers do.

Most of the letters I receive about the child's misbehavior at school are from parents who have been trying conscientiously to induce their child to cooperate at school and obey the teacher.

Punishing At Home

Ever so many mothers write of their punishing the child at home for things he does at school about which the teacher has complained to them. Some of these parents report having done all sorts of things from shaming or scolding the child to keeping him in from play a week or so, even whipping him. We must not condemn them. They have tried so hard to cooperate with the school. Yet, as I attempt to show them, this punishment at home for the child's misbehavior at school does no good but practically always does harm.

For this wrong practice by parents the teacher is often chiefly responsible, especially when this teacher writes or tells parents complaining about the child's school conduct. When the teacher does so she usually implies that the parents should scold or punish the child for his "bad" behavior at school. Nearly always the parent jumps at the conclusion that the youngster should be scolded or punished. The teacher with her training in child psychology should know better. Instead she needs often to warn parents against the very practice she may cause them to use.

Behavior At School

I wish I might prevail on teachers to take responsibility for the child's behavior at school without complaining to the parent about it. Instead, she might well talk to the parent to find out whether some home practices or conditions might have some bearing on the child's behavior at school.

After such enquiry the teacher might be able to win the parent to see that by changing the ways at home the child might grow more happy and cooperative there. Then it might be expected that this improvement at home would, after some weeks, be noticeable at school.

Learning Problems

Should the reported school problems relate to school subjects, the teacher's help could be rather specific, defining exactly the child's difficulties at books. This is very different from the usual attack.

About the worst thing a parent can do with the child of any age who lags in learning at school is to punish him, especially when the "grades come home." The lag or failure has accumulated over a long period. Instead, the parent should ascertain just what he might do to help, seeking the aid in some cases, of a psychologist. If the trouble is in reading, spelling or arithmetic, the child needs specific help. My special bulletins on each of these subjects might be useful. Each may be had in a stamped envelope by writing me at 235 East 45th street, New York, N. Y.

As soon as the child has home work assignments, see that he is home at night and goes at his work at a regular time and place. Most of all, the parents should be calm and self-controlled while trying to assist the child with his lessons.

The World and the Mud Puddles

THEN AND NOW

To anyone but a bureaucrat or a politician common sense long ago would have suggested a simple and practical formula for dealing with the matter of rent ceilings. That would consist in an honest appraisal of the increased costs sustained by owners of rental properties since March, 1942. Besides the statistical bureau of the department of labor there are several reliable private agencies reporting price indexes from month to month on a quarter to quarter basis. The office of temporary controls, if functioning properly, could easily make its own surveys. Points to be considered in determining the raising or lowering of ceilings—or leaving them as they are—would include:

Increase in taxes, through higher rates or higher assessments.
Increase in maintenance costs, covering wages for service and management, wages of carpenters, plumbers, electricians, painters, etc.
Increase in costs of materials for repairs or alterations.
Increase in cost of furniture, furnishings and fixtures.
Increase in cost of utility services.

Increased costs due to special federal taxes on utility bills.
Added to these, of course, should be the increases have reduced the

Washington Reports

Little Prospect For Law Increasing House Rents
Not Enough Votes In Sight To Override Certain Veto
Senator McKellar Has Done Able Job

(Special To Central Press)
WASHINGTON, Mar. 6.—Although there is much agitation—especially among the senators—for legislation permitting rent increases or doing away with rent control altogether, there is not much chance of such a bill becoming law in the immediate future.

President Truman is almost certain to veto any legislation passed along this line by the present session of Congress. He has said many times that the line on rents must be held.

It is possible that Congress will adopt legislation which would permit increased rents, but it is very doubtful if such a bill could be passed over Mr. Truman's veto. There are 51 Republicans in the Senate and 44 Democrats. Senator Theodore Bilbo (D) of Mississippi has not been seated, making the one vacancy.

It takes a two-thirds vote to override a veto which, in this case, means 63 Senate votes. If the Republicans voted solidly to override a veto they would have to pick up 12 Democratic ballots. Senate observers do not believe this can be done. And the GOP may not be solid in voting to override such a veto.

Failure of the Supreme Court to act in February on the John L. Lewis contempt conviction increases the possibility of a new coal crisis. Lewis has instructed the miners to work until midnight, Mar. 31.

It had been expected that in mid-February he would ask the operators for a negotiating session and then start bargaining Mar. 1 on a new contract.

However, neither Lewis nor the producers are willing to begin discussions until the Supreme Court has ruled on his conviction in last fall's mine shutdown.

There will not be much time left for bargaining between the miners and the operators before the Mar. 31 deadline.

One solution would be for Lewis to extend the time limit, but he is keeping silent on this.

Those critics of Senator Kenneth McKellar's anti-Lillenthal fight, who used such terms as "bumbling old man" in referring to the 78-year-old Tennesseean, have failed to appreciate that from the purely technical standpoint, his strategy was something that aspiring young politicians might well study.

McKellar went into the fight against David E. Lillenthal's appointment as atomic commission

chief with all the odds against him.

The veteran senator seemed to be moving against impregnable armor.

Lillenthal's private and public lives were spotless. He is a good administrator. Probably his liberal tendencies are considerably less than those of the average New Deal appointees to comparable jobs.

Few politicians would have had the nerve and the resourcefulness to drive against a man apparently so invulnerable. To the Capitol press corps, McKellar's "Communists-In-TVA" issue looked silly.

However, McKellar knew where he was going. Although he has voted for public utility ownership, he managed to weave that issue into his fight—by indirection. He managed also to weave in a theme on which the Senate is mighty touchy—the question of whether Lillenthal has been "contemptuous" toward Congress.

McKellar has voted for too much New Deal legislation to attack Lillenthal forthrightly on that issue. But he got it in. Rightly or wrongly, the veteran Tennesseean has done a technically able and shrewd job. The nosecount showed it.

When the hearing started, most people thought the McKellar fight would be a mere gesture. After a month of hearings, Senate polls showed that McKellar's "bumbling" battle had managed to seriously whittle down Lillenthal's safety margin.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest and cold bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends eechwood creosote by special process with other time tested medicinals for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. Shenango Pottery Club At Y.M.C.A. Proving Popular

Boys Of Pottery Employes Enjoy Varied Program Under Direction Of Y

Sponsored by the company for sons of employees in cooperation with the Y. M. C. A., the Shenango Pottery club is proving a popular group at the association.

At present there are over 25 members enrolled between the ages of 10 to 14, with meetings every Monday night under the supervision of Paul and Bill Morgan of the company and David Gatrall, boys' director at the branch.

Varied Program
The young members enjoy gym periods, swimming, movies, trips through local industries, table tennis and other games and have been entertained by speakers.

The club has been running for six weeks and will continue for another month. Thomas Dickie, personnel manager of the company, aided the supervisors in organizing the club and if the success continues it is planned to extend the program for another series of meetings.

WASHINGTON, Mar. 6.—(INS)—The Senate Commerce committee on Wednesday abandoned its plan to make a financial study of the nation's airlines.

Previous authority granted to the Brewster subcommittee to make the investigation was withdrawn by the full group.

BIRDS GROUNDED
AUCLAND, New Zealand—(INS)—Some birds don't have to wiggle a feather when they fly. On the other hand, they don't eat either. Eighteen Australian singing finches, were recently shipped by Pan American World Airways on an experimental basis from Melbourne to the Los Gatos Aviaries of Los Gatos, Calif. The 18 birds were on a water diet the five and a half day trip. It seems they have to exercise when they eat.

Fire Department Will Raise Funds In Neshannock

Plans for a campaign to raise funds for new equipment for the Neshannock Township volunteer fire department were laid Tuesday night when a meeting of the Ways and Means committee was held in the home of Mrs. Verne Dufford, chairman of the committee. The new fire house is almost ready for occupation and it is hoped to have the money for the new equipment by the time of occupancy.

STEVENSON CLASS

NAMES OFFICERS

Mrs. John Schell and Mrs. Edith Claypool were hostesses when the Laura M. Stevenson class gathered recently in Central Presbyterian church. Devotions were conducted by Mrs. Betty Montgomery.

Officers named for the coming year are: president, Mrs. Keith VanFossan; vice-president, Miss Helen Forsythe; secretary, Miss Margaret Lowery; and treasurer, Miss Ruth Bridges.

Plans were made for a special event that will take place Monday, April 7, in the church. Miss Helen Forsythe, Miss Martha Matthews, Mrs. W. C. Appell and Mrs. Keith VanFossan compose the committee in charge.

The hostesses served a tasty lunch at tables, attractively arranged in green and white, with a pretty favor marking each place.

DINNER BRIDGE FOR SIX O'CLOCK CLUB

Members of the Six O'Clock Dinner club were entertained in the home of Mr. and Mrs. John Morgan, East Washington street, Wednesday evening for dinner served at 6:30 o'clock at a table prettily decorated with spring flowers.

Tables of contract bridge were in play during the after dinner hours with prizes for high scores presented to Dr. and Mrs. George S. Jenkins, Mrs. Lloyd Green and Frank R. Doyle.

Mr. and Mrs. Lloyd Green and Mr. and Mrs. John F. Morgan were special guests. Mrs. John F. Morgan and Miss Carol Jean Morgan were the hostesses' aides.

Next meeting will be April 2, a dinner meeting in the home of Mr. and Mrs. Frank R. Doyle, East Morton street.

Hi-Lo Club Members Meet

Hi-Lo club members were entertained Wednesday evening in the home of Mrs. Bert B. Baker, 723 Court street, for 500 with prizes going to Mrs. Albert Vanassa, Mrs. John Kerestely and Mrs. Benjamin Newkirk.

Surprise feature of the evening for Mrs. Newkirk was a shower and afterward a lunch was served with Mrs. Martin Quinby as the hostess' aide.

Simon Relief Corps

Cards and games were the pastimes during a social hour that followed the regular meeting of the Louis E. Simon Relief Corps No. 11 in the Trades and Labor Assembly hall Wednesday evening. Prizes went to Mrs. Margaret Gilliland and Mrs. William Lewis.

Social committee in charge was Mrs. S. W. Freed, Mrs. C. C. Nolte and Mrs. C. L. Hoover.

Next meeting will be Wednesday afternoon, March 19.

DAMES OF MALTA

DINNER MEETING

Star of Liberty Sisterhood of the Dames of Malta met in the I.O.O.F. hall recently for a 6 o'clock dinner which was served at attractively decorated tables.

Later Queen Mrs. Jane Sanders called the meeting to order with a large class of candidates initiated, both degrees being given at the same time.

Initiation was in charge of degree captains Marietta Daugherty and Pearl Knoblock. Social committee in charge of the dinner was Maud Forrester and Ann Hawk.

Maggie-Venezio Wedding

In the First Pentecostal church, Miss Connie Maggie, daughter of Mr. and Mrs. Joe Maggie, of 797 Court street, became the bride of Joseph Venzio, son of Mr. and Mrs. Frank Venzio, of 511 John street, at a double ring ceremony performed February 22 at 3 o'clock in the afternoon. Before an altar backed with greenery and lighted white candles, Rev. J. D. Menzie officiated in the presence of a large gathering of friends and relatives.

Given in marriage by her father, the bride wore a slipper satin wedding gown with a full length veil falling from a beaded crown and

Artificial Leg Sought By Man In Exchange For Eye

WASHINGTON, Pa., Mar. 6.—(INS)—Penniless and minus one leg, Robert M. Baumgard today offered to trade an eye for an artificial limb, plus \$5,000.

Baumgard, 40, now confined to the hospital of the Washington County Home, said:

"I can get along a lot better with

one eye than without a leg. If I had \$5,000 I could open a little store and with a new leg I could get around well enough to operate it."

He said he had worked as an orderly in Pittsburgh and Canonsburg hospitals for 18 years, saving his money to purchase a store, until last summer. Then, he said, his leg became painful and examination revealed Bergens disease. It was amputated last fall.

"Hospital and doctor bills took all my savings," he said. "I thought maybe someone could use one of my good brown eyes and that perhaps, would put me back on my feet—or should I say foot—again."

Making Plans For Fire Department In Union Township

Meeting Last Night Starts Move To Organize Volunteer Fire Department

Speaking on fire protection, D. O. Davies, New Castle director of public safety, and George W. Harper, assistant fire chief, addressed members of the Union Civic and Athletic association at a meeting in Union township high school Wednesday night.

After an open discussion of the remarks of the speakers, Dan Radabaugh, president of the organization, appointed Francis McPheeters chairman of a committee to carry out plans for organizing a volunteer fire department in Union township.

Knowing that many residents of townships believe that the city fire department must supply the townships with fire protection, Mr. Davies explained to the group that the city fire department is in no wise obligated to assure protection to the townships. He further explained the city's fire protection system, stating that the city would accept calls from the townships in cases of emergency and then, only if the call came from recognized persons in the township.

Following the city councilman, George W. Harper, assistant fire chief of the city, stated figures and facts on fire losses in United States and telling a little of the volunteer companies of other townships in Lawrence county.

Leonard E. Krueger of the New Castle Water company, assured the organization members that Union township had adequate water mains for fire protection in the heaviest residential areas. Mr. Krueger stated that the high school building could be given adequate protection by laying a minimum of water line on Kerr street.

It is expected that a mass meeting will be called for sometime during the first part of April to present the plans of a volunteer department to the residents of the township.

Recreation Body To Buy Quonset Hut

Will Erect It As Shelter; Has Sufficient Money For Two Huts

City recreation commission has advertised for bids for a quonset building, 24x24, to be erected at one of the playgrounds where there now is no shelter.

The commission has sufficient money for two and after one is bought and it proves satisfactory, another will be sought, according to recreation commission attaches.

The commission also has asked bids for playground equipment, such as see-saw units, metal slides, swing outfits and giant strides.

Bids on the quonset building and equipment will be opened by the commission at their March 14 meeting.

Hairdressers Vote To Meet In Shops

At a meeting of the New Castle Hairdressers association in The Castleton Tuesday evening, at 8 o'clock, the group decided that all future meetings will take place in a beauty shop so that Raymond Manicome, guild chairman, can demonstrate his lectures. Miss Selena Mack presided.

On Sunday, the New Castle unit will attend the Youngstown Cosmetologist Style and Trade show, it was decided. Also, plans for a membership drive among beauticians were discussed.

Next meeting will be an informal dinner on March 18, the time and place to be announced.

Probably the earliest election held in America were those of delegates to the Virginia Assembly in 1619. However, the earliest date specified is that of the election of John Winthrop as governor of Massachusetts on May 18, 1631.

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

value of the dollar received in rentals.

Organized labor predicates its demands for higher wages on the increase in living costs. Industry predicates its demand for higher prices on higher production costs. There is no reason in justice or common sense why the price of rentals should not be predicated on the same basis of costs.

Unfortunately, the administration has insisted on dealing with the rather touchy rent ceiling issue on a basis of politics rather than fairness or business. The reason for this political attitude, of course, is that there are many times more tenants (voters) than owners.

This political complex on the rental problem was illustrated in the recent fiasco involving the preparation of an order by Major General Fleming head of the office of temporary controls, providing for a blanket increase of ten per cent in rent ceilings, with its subsequent panicky cancellation by the president. It is inconceivable that Major General Fleming would have gone so far as to draft an order and send it to the mimeographers without the knowledge and approval of the president. It is a fair presumption, also, that the OTC honestly believed the order to be justified.

What happened? It seems that Philip Murray, head of the C. I. O. was "tipped off" from OPA headquarters that the order for a ten per cent increase was to be released to the press within a few hours. Immediately Mr. Murray, through Assistant President Steelman, brought pressure on the White House with threats of political reprisal by his large organization of workers. Mr. Truman responded to the crack of the Murray whip by repudiation of the order, leaving Major General Fleming as the official scapegoat for the transaction. The president obviously concluded that the easy way was to dump the problem into the lap of Congress, where the politics of the issue also are very likely to be paramount.

Meanwhile, there seems to be no inclination on the part of either the executive or the legislature to consider the whole subject of rent ceilings on the same and simple basis of the relation of costs to prices. The housing problem is never going to be solved by making rentals a political football.

PAIN AND FEVER

Pain and fever usually mean that trouble is brewing. They are danger signals or sign posts or symptoms. They should cause us to stop, look and listen.

The trouble may be slight or it may be serious. It is worthwhile to find out about it.

Usually a safe thing to do is to put the patient at rest. If Mary Jane is feverish it is better for her to lie down and be quiet.

School is not a good place for sick children. If the fever or the pain do not leave pretty soon, the doctor should be consulted.

If Sally feels better after the dishes are washed, perhaps the trouble is not too serious.

Some kiddos feel better on Saturdays than on school days. Maybe Dad had the same disease when he was a boy.

CHARGE CHICAGO MAN TURNED IN 25 FALSE ALARMS

CHICAGO, Mar. 6.—(INS)—Chicago police today held a husband who, they said, turned in 25 false fire alarms, including four for the home of his mother-in-law.

The accused husband is Wayne Harden, 29.

Battalion Fire Chief Thomas Finnman said Harden was disturbed because his wife had gone home to her mother.

Mrs. Harden complained that her husband's efforts to effect a reconciliation had cost her four jobs in the last month.

Harden denied the charges.

Potent Weapon Fights Infection

CHICAGO, Mar. 6.—(INS)—A potent new weapon against infectious diseases was announced today in the current issue of the journal of the American Medical Association.

The new agent is called bacitracin in honor of a seven-year-old girl whose broken leg led to its discovery. She is Margaret Tracy.

Bacitracin was developed by Dr. Frank L. Meloney and Miss Bina Johnson of the Physicians and Surgeons college of Columbia university.

The journal said the germ killer was tried on 100 patients for such cases as infected fingers, boils, carbuncles, sties and ulcers.

After treatment, 62 of the patients were spared from the surgeon's knife.

The agent has been compounded in an ointment base which melts at body temperature.

State Police Say:—

The motor vehicle laws require that a vehicle traversing a mountain highway should be kept under control and as near to the right hand side of the highway as possible. In descending steep grades vehicles should be operated in second or low gear. No motor vehicle is to be operated down any hill or grade with the clutch disengaged or the gears in neutral. This is commonly known as "coasting," and is a violation of the law.

Several City Projects Are Now Planned

City council has several large projects to put through this year, (1) the city building, (2) a sanitary sewer from Power street north along the Shenango river to a point north of Mahoning avenue viaduct, (3) a filter system at Cascade park and also paving of the entrance to Cascade park.

There is a sanitary sewer which now runs to the seventh ward but it is said to be wholly inadequate. It runs from Mahoning avenue south to the new sewer at the end of South Liberty street.

Council believes that with the addition of the new, or relieving sewer, the situation will be reversed.

Permit To Start

Permit has been received from the Civilian Production administration of excavating for the heating facilities in the new city building at North Jefferson and Grant streets.

After Day, Ackley & Bradley, Sewickley architects, revised their filter plans, the state health department approved them and the city clerk has been asked to advertise for bids.

It depends upon the bids whether or not the filter will be built at Cascade park. The former bids were said to be away too high, hence there'll have to be a paring down before the project is let.

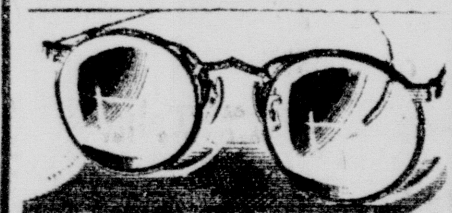

The paving proposed for the lower entrance to Cascade park will run from East Washington street to the bridge which spans Big Run.

Within the next few days council will confer informally and look over the signs that have been sent to this city as samples for those it is proposed to sell to the city. The city appropriated \$7,500 for street signs, which is not enough to pay for signs all over the city. Council will accept the type most durable and make the money go as far as possible.

Congressman Asks Food Price Probe

WASHINGTON, Mar. 6.—(INS)—Rep. Sabath (D) Ill., asked today for a house investigation of a 50 per cent jump in food prices in the last six months.

Sabath protested against what he termed "a tremendous pressure campaign to remove remaining price controls as the house, banking and currency committee opened hearings to determine the fate of sugar rationing and price ceilings.

The veteran legislator introduced a resolution calling on the agriculture committee to conduct the investigation. Sabath attacked efforts to remove controls on rents, sugar and rice.

Guerrillas Give UN Team Facts At Points Of Rifles

Greek Fighters Make UN Investigators Hear Testimony With Weapons Trained

LONDON, Mar. 6.—(INS)—A force of 200 Greek guerrillas were reported today to have seized a town in Thessaly where they forced a United Nations investigation team to hear testimony at gunpoint.

An Athens dispatch to the London Daily Mail said the incident occurred in the town of Agoriani, near Larissa, where the U. N. team, representing the special Balkan commission, was staying overnight.

The investigation team was put up at a local school to await receipt of further evidence in the investigation of Greek border clashes when the guerrillas reportedly seized the town at 9 p. m.

The guerrillas then sent representatives to the school which they entered with their guns.

The British member of the team, Mrs. Irene Fothergill Payne, and the Australian delegate, Sam Trevo, suggested that the guerrilla witnesses park their guns outside.

Ateyo was quoted as saying that the only reply of the chief of the bandit delegation was to unstrap his tommy gun and lay it on the table facing the investigators.

The dispatch added that the Russian member of the team then announced:

"I think it would be impolite to ask the witness to leave the room now that he has entered it."

POLICE FIRE ON LAHORE RIOTERS

LAHORE, India, Mar. 6.—(INS)—Police poured rifle fire into a mob of armed rioters in a suburb of Lahore today, wounding five persons.

The outbreak of new violence led authorities to clamp a 24-hour curfew on the area.

A trainload of armored cars was reported being sent to Lahore to enable police to enforce the curfew.

U. S. Will Ship Meat To Britain

WASHINGTON, Mar. 6.—(INS)—Secretary of Agriculture Anderson said Wednesday that the United States will ship "substantial quantities" of meat to Great Britain this year.

Anderson told newsmen after a conference with British Food Minister John Stacey that U. S. meat shipments to Britain would be limited to beef and turkeys. No pork will be exported.

The agriculture secretary said that he believed "it will be possible to make available enough meat to the British so they won't have to cut their meat ration."

He explained that the meat exports are scheduled to begin arriving in Britain by June 30.

Start Inquiry Into Beer War In Pittsburgh

PITTSBURGH, Mar. 6.—(INS)—A congressional subcommittee on labor today opened a three-day inquiry into Pittsburgh's five-month-old beer war.

Described as a "grass roots" investigation of labor problems, the committee will seek to determine underlying causes of the jurisdictional disputes between the AFL steamers union and the CIO brewery workers.

Bombings and other acts of violence have marked the beer war.

Use Time-Saving Devices To Speed Auto Production

DETROIT, Mar. 4.—(INS)—The automobile industry has gone into its own backyard for time-saving devices.

The Ford Motor Company, like all automobile-manufacturing firms, is constantly seeking new ways of

stepping up operations to increase production, has mounted a portable laboratory on one of its own trucks.

The mobile unit snips valuable minutes off chemical analysis by moving to the scene of operation with special equipment for on-the-spot tests.

The units include a spectroscopic which provides a method of analysis, by visual inspection, of incoming steel scrap without the need of chemical tests, for example.

It also serves as a "non-destructive" mechanical analyst in the sort-

ing of finished production parts of identical appearance but different chemical analysis.

Murder Charges Still Pending

CROWN POINT, Ind., Mar. 6.—(INS)—Murder charges against John Dillinger and his companion, John Hamilton, two of the master criminals of the 1930's, are still

pending in the Crown Point criminal court.

There is no doubt in the minds of the law that Dillinger, ambushed by the FBI January 15, 1934, was killed. Police were, however, deprived of any positive identification of Hamilton's death. He was believed killed by FBI guns in 1936.

Underworld lore says his body was tossed into quick lime after his death.

So the case continues to hang fire, and will probably do so ad infinitum.

REGIMENT DISBANDED

OCEANSIDE, Calif., Mar. 6.—(INS)—The famed Seventh Marine regiment, which fought in four of the bloodiest campaigns of the war against Japan, was disbanded at Camp Pendleton today.

The Seventh Marines, who returned last month from China, won two presidential citations during World War II. The unit saw action on Guadalcanal, Cape Gloucester on New Britain, Peleliu and Okinawa.

Seek To Raise Enon Phone Rates

New Tariff Schedule Filed By Enon Valley Telephone Company With P.U.C.

HARRISBURG, Mar. 6.—(INS)—The Public Utility Commission today had a new tariff from the Enon Valley Telephone company proposing boosts ranging from nine to 12 dollars in annual rates, increases in service charges and other changes effective May 1, 1947.

Under proposals, business rates would go up from \$36 to \$48 for individual lines, \$33 to \$42 for two-party lines and \$30 to \$36 for four-party lines.

Charges for individual annual rates were proposed: business eight-party line service, \$30; residence two-party line, \$36; residence four-party line, \$30; and residence eight-party line, \$27.

The utility proposed to increase fees for installing extension telephones from \$1.50 to \$2.50 and extension bells from \$1 to \$2. The P.U.C. added. Charges for reconnecting telephones would be raised from \$1 to \$2.

Rates for installing hand set phones would be decreased from \$6.50 to \$5 while charges for changing instruments would be lowered from \$4.50 to \$3, the P.U.C. reported. An extra 25 cent charge applicable to hand set telephones would be withdrawn, it was added, along with a 10 per cent discount for prompt payments.

The company services Enon Valley and Little Beaver, North Beaver and Big Beaver townships in Lawrence county and Darlington and New Galilee boroughs and Darlington, Chippewa and Big Beaver townships in Beaver county.

Public Censures Diesel Engines For Their Smoke

Properly Functioning Engines, Not Overloaded, Should Not Smoke, Is Finding

STATE COLLEGE, Mar. 6.—The public, irritated by smoking Diesel engines, has every right to ask for Diesel engines that do not smoke, says Dr. Paul H. Schweitzer, professor of engineering research at the Pennsylvania State College.

Many complaints are being heard especially from people in the urban areas, about smoking Diesel engines. On the West coast, where a large number of Diesel-driven trucks are used, some Californians have even accused the Diesels of creating a "smog" that is ruining their weather.

Dr. Schweitzer maintains that well-designed Diesel engines in good repair need not smoke while being operated on normal fuels, provided they are not overloaded.

"But unfortunately, with the injection equipment used in many Diesels today, effective prevention of overloading over the entire speed range necessitates sacrificing part of the engine's lugging ability," Dr. Schweitzer says.

To correct a normally smoky exhaust, Dr. Schweitzer in a recent address to the Society of Automotive Engineers in Detroit, said that the smoke should first be diagnosed. In order to eliminate "hot smoke", which results from sluggish burning of fuel particles, the mixture of the fuel and air should be improved. To eliminate the "cold smoke," which results from fuel particles being ignited too late or not at all, Dr. Schweitzer explained that the ignition must be stepped up.

MILLBURN

The ladies of the Ladies Friendship club and Millburn grange served lunch at the annual meeting of the Mercer County Agricultural association last week.

The program at the regular meeting of Millburn grange centered around the theme of Washington and was as follows: Roll call, words of foods formed from the word Washington reading, The Home At Mount Vernon, H. W. Johnston; guessing contest; reading, The Voice of Democracy, Esther Cummings. Discussion on the maintaining the cost of the White House past and present. Discussion on the most important things in Washington life. Discussion on the sugar question.

Mr. and Mrs. L. M. Cummings announce the engagement of their daughter Esther to James Burns, son of Mr. and Mrs. Roy Burns of Sandy Lake. The engagement will terminate in a March 21 wedding.

Paul Mayne, small son of J. J. Mayne, who submitted to an appendectomy at Mercer hospital Thursday afternoon, is reported to making a satisfactory recovery.

John Woods is on a tour to select Black Angus cattle for the annual sale, accompanying James Torrance and his son William of Export and Peter McKenzie of State College, who called for him Monday morning.

James, Charles Joan and Peggy Woods and David Lukacs attended the 4-H roundup at Fredonia on Saturday. Mrs. John Woods and Dorothy drove the young people to Fredonia.

Mrs. Jessie Munnell, Margaret Humphrey and Helen Patterson attended the D. M. C. club meeting at the home of Mrs. Ethel Anderson in Mercer on Thursday.

Miss Edna Litzburg and Mrs. John Marett of Volant, Mrs. Thomas Marett of New Castle and Mrs. Dora Oakes of Jackson Center were guests of Mr. and Mrs. B. C. Oakes last week.

Miss Martha Grace Elder of Cool Spring spent the week-end with her sister, Mrs. O. D. Anderson. Dale McKean accompanied O. D. Anderson to Columbus last week instead of the latter's brother as was stated in last week's notes.

Mr. and Mrs. William Schultz and daughter Dorothy of Cleveland visited Mrs. Schultz's brother, C. A. Fink and family over the week-end. Miss Clara and Harry Metzgar called in the Fink home Sunday.

Mr. and Mrs. Orville Anderson and children of Jackson Center were Sunday dinner guests of Mr. and Mrs. L. B. Anderson. The latter's son Elmer and daughters and Mr. and Mrs. Charles Hogan and daughter Gloria called during the afternoon.

Mrs. Edward Robinson and baby daughter returned home from the hospital on Saturday. Mr. and Mrs. Alfred Boyd and Mrs. Dickson Stewart and children visited their parents Sunday.

Mr. and Mrs. R. E. Hume were Sunday dinner guests of Dr. and Mrs. English of Grove City. Their daughter Connie returned to Pittsburgh last week.

Nine employees of the Northern Pipe Line, accompanied by John Wolbert and Charles Blumenshine of Grove City, attended a banquet at Oil City honoring their retiring general manager, J. A. Bartlett.

Electric Range

is the Best!

Add up all the advantages that only an Electric Range can give you and you'll see why it's the choice of homemakers who want the best. It's so automatic that it will cook your meals while you are away . . . so modernly cool, clean and safe. But the feature that will really thrill you is its economy. The direct transmission of heat on the surface units, plus the perfectly insulated oven, assures you that there will be a minimum of lost heat. In fact, an Electric Range holds the heat so well that it will continue to cook after the switches are turned off. You can't do better than an Electric Range when you stop to figure it out.

NEW ORLEANS — (INS) — Mrs. John Eastwood of New Orleans is one who will testify to the intelligence of squirrels. A year ago, Mrs. Eastwood said, she placed a few pecans in a tree in her back yard.

It grew into a regular custom for the several squirrels living in the tree. "Now," she said, "if I'm late in putting out the nuts, those little squirrels will raise an awful fuss until I deliver their daily ration."

Deadline Near For Enlistment Of Disabled Vets

Former Veterans, Disabled In Last War, Can Re-Enlist In Former Grades This Month

M-Sgt. Charles Walsh the local army recruiting officer located in the Post Office building, stated today that March 31st is the last day which disabled veterans may enlist in former grade except if reenlisted within twenty days of discharge.

To all men contemplating joining the regular army M-Sgt. Walsh says "don't forget the benefits such as free clothes, free food, free housing, free medical and dental care year in and year out, and especially the retirement fund. It grows steadily, without fuss such as: a master sergeant retiring after thirty years gets \$185.63 a month for the rest of his life. That amounts to \$44,551.20 in 20 years—or \$2,227.56 every year. It's more than enough to grow old on comfortably."

No other country in the world gives its soldiers such a break, such high pay or so many other benefits. Think of your future very carefully and stop at your army recruiting station and discuss it with M-Sgt. Walsh.

Convict Attempts To Set Fire To Blair Co. Jail

ALTOONA, Pa., Mar. 6.—(INS)—A convict awaiting transfer to Western Penitentiary Wednesday attempted to set fire to the Blair county jail, according to Warden John E. Harvey.

Harvey said Bowman F. Kennedy, 24, of Hollidaysburg, set fire to his mattress and bed clothing, causing jail authorities to release 41 inmates from their cells because of dense smoke.

Harvey declined to comment

whether the fire was an attempt at a jail break.

The blaze was discovered by Kennedy's cell-mate, Clarence Swope, of Altoona, who was awaiting transfer to Allegheny county workhouse to serve a 10 to 20 month sentence. Swope's sentence was reduced to five months by Judge George G. Patterson because of his alertness

in sounding an alarm when awakened by the smoke.

Kennedy, who was sentenced to 15 to 30 years after pleading guilty to robbery, assault and battery and criminal attack charges, was given an additional two year sentence by Judge Patterson.

Harvey said the blaze was con-

fined to one cell and was extinguished with the help of several inmates.

Of course, check with your doctor first, and then, in the interest of health and a better figure—do now what you know you should do—start today and get rid of some of those ugly rolls of fat that now give you an unsightly "3-Bump" figure.

good food in an amount which permits you to slenderize without medication or strenuous exercise.

There's no dosing with racking salts or drugs you know nothing about. No pulling yourself to pieces with violent exercising. And no fainting on a lettuce leaf. This way you even eat many desserts!

You follow the scientific principle proved by doctors that to reduce safely (avoid acidosis) you must get at least a pound of carbohydrates—which provides "the flame fat burns in"—for every pound of fat you burn off.

Simple and Convenient
And it's all so simple. Any woman who

can multiply the weight she would like to be by 15 and then subtract 400 can do it.

It is the famous Wonder Wheat Bread Reducing Plan proved so amazingly effective by thousands of women before the war.

And you can get it at your grocer's with every loaf of pre-war quality Wonder Wheat Bread—containing Vitamin B₁.

This vitamin is one science has found necessary to help transform the carbohydrates in bread into "the flame fat burns in."

Then, too, this new Wonder Wheat Bread is made with a specially blended flour which retains moisture better than ordinary whole wheat flour. So you'll find this new Wonder Wheat Bread fresh and delicious!

Just ask your grocer for the Wonder Wheat Bread and the Reducing Plan today—start burning off unsightly fat tomorrow. Supplies limited—get your copy at once. Continental Baking Co., Inc.

**DON'T HAVE A
"3-Bump" Figure**

NOTE: Wonder Wheat Bread is not a reducing bread—Wonder Wheat Bread simply supplies carbohydrates and Vitamin B₁ needed to help burn up fat.

Name Students To Represent School

New Wilmington Selects Representatives For County Meet
On March 22

NEW WILMINGTON, Mar. 6.—Students who will represent New Wilmington High School in the music events at the Lawrence County Literary-Music meet to be held at Westminster College March 22, have been selected by Henry Naele, music director.

They are:
Soprano solo—Sally Hart,
Tender solo—Harry Suttle,
Baritone solo—William McLaughry.

Girls' Ensemble—Maxine Plotts, Martha Kelly, Mary Alice Watson, Lorraine McGinnis, Marilyn Elder, Alys Ann Ringer, Lila Blake, and Grace Temple.

Mixed Quartet—Alice Frew, Joan Thomas, William McLaughry and Harry Suttle.

Girls' Trio—Mary Alice Watson, Donna Barbo and Eleanor Burns.

Organize Scout Troop
The newly organized Girl Scout troop, sponsored by the Kiwanis club, will meet this evening at the Fire station with Scout Leader Eileen Brown in charge.

Women who are aiding in organizing the group are Mrs. Grace Muth, Mrs. Grace Hartwell, Mrs. Elizabeth Burnside, Mrs. Margaret Lehman and Mrs. J. I. Reaney.

The scouts have been granted use of the Westminster College swimming pool every Saturday morning. Miss Barbara Stanton of Johnstown, a college student, serves as life guard for the swimming sessions.

To Have Banquet
Juniors at New Wilmington High School have selected May 8 as the date for the annual junior-senior banquet. An orchestra is to be secured. Logan Dicks is class president.

Relief Goods Arrive
Officers of the Kingsley Bible class of the Methodist church, of New Wilmington, have received word from the Church World Service Center at New York City, that the 100 pounds of relief goods sent by the class have been received and sent overseas.

It is estimated that one-third of Florida's income is derived directly or indirectly from tourist trade.

PLAN GARDEN NOW AND ORDER SEEDS AT ONCE

If the home garden for 1947 has not been planned and the seeds ordered, do not delay. Some seeds are scarce and the early orders get the available supply.

A good garden will produce enough of many kinds of vegetables for use all through the year. There will be fresh vegetables for use during the 5 to 6 months of the growing season and others for use in canning, drying and freezing, and storing for the remaining 6 or 7 months.

Extension records show that a quarter-acre garden, if well-managed will supply a family of five persons. The money value of such a garden may easily be several hundred dollars, in addition to the health value which cannot be measured in dollars and cents.

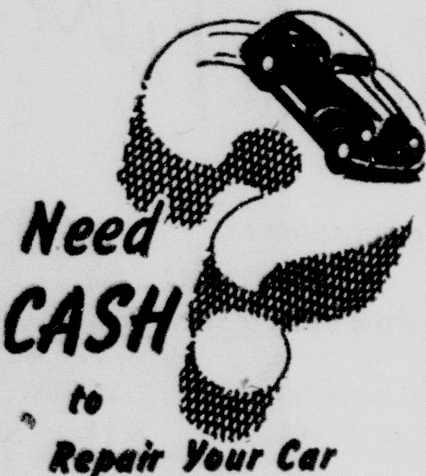

A complete garden may contain 25 kinds of vegetables, but it is impractical to grow any vegetables the family does not like. If you want suggestions on the best varieties of vegetables and other garden information ask for the circular "The Family Vegetable Garden" which is available without charge, at the Agricultural Extension Office, No. 206 Post Office Building, New Castle.

From 1936 through 1945, American railroads set a record of one passenger fatality in railroad accidents for every 733 million passenger miles of service.

Chain Letter Writer Doesn't Worry Reporter

Another chain letter operator has started things rolling and is bringing in considerable revenue for Uncle Sam, to say nothing of the extra work he is causing local letter carriers.

The latest chain letter suggests that the person on receiving his card, write the prayer contained thereon, and send it to 14 friends, and thus send the prayer all over the world. One of the news scribes received one of these epistles. Having a few minutes in which to figure things out, he set down to try and find out how long it would take for this letter to reach every man, woman and child, living in the world. According to the World Almanac, the present population of the world is slightly more than two billion, 150 million persons.

By the time he had multiplied 14 times one, and the resulting answer by fourteen up to the tenth multiplication, he arrives at the amazing figure of 289,227,214,976 (that is if his figures were correct, and he doesn't absolutely guarantee this because they were done in a hurry.) In other words, that many persons would have received cards if the succession was not broken. It was right then and there that he decided to throw his card in the waste basket and break the chain.

because he doesn't believe that Uncle Sam has that many post cards to spare on such matters at the present time. But if you want to carry the figure further, you better do your multiplying on a roll of wall paper, because it will get up into the septillions.

We know someone well that Uncle Sam doesn't have that many cards, so we threw the card in the waste basket, and will just have to take our chances on the misfortune promised us for failure to comply at the end of 14 days. One lady, the letter writer says, did not answer on an earlier attempt and fell and broke her arm. Having recently been smacked by an automobile without any serious results, the writer feels he is fairly safe.

BIG DAMAGE AWARD
PITTSBURGH, Mar. 6.—(INS)—Mrs. Margaret Connolly of Pittsburgh today had been awarded \$20,000 damages from the Pittsburgh Railways Co. in the death last August of her husband.

Mrs. Connolly testified in the suit yesterday her husband died of injuries sustained when he was forcibly ejected from a streetcar and fell, striking his head.

Simp is the name of a baby crow.

Good Taste

By FRANCES MARTEL

PITFALLS TO AVOID IN LETTER WRITING

When you write a letter, here are some don'ts to keep in mind: Don't underline words. Learn to convey force by use of words. Don't be a quoter. So often we see words quoted for no reason whatever. Don't develop the postscript habit. An occasional afterthought is excusable when the letter has been closed, but guard against it as a regular thing.

The same rule applies to mar-

ginal notes, all of which make for difficult interpretation. It's better to rewrite your letter.

Colored inks and fancy paper should be avoided. Blue or black ink is preferable. As is plain, unlined paper. Scented papers, as well as those of odd or conspicuous design should be placed on your "don't" list. Blue, gray and white are always in good taste.

No matter how poor your writing is and no matter how superior your typing, don't typewrite social notes and letters. Personal letters to very intimate friends are frequently typewritten by busy business people but the custom is not in general social use as yet.

While it is better not to start a

letter with "I", sometimes this is unavoidable without becoming too involved or stilted. Never leave a sentence without a subject as is sometimes done by those with an "I" phobia. For instance: Was glad to hear from you—received your letter. In such constructions, the "I" is necessary.

Put your letter in the envelope in such a way that when it is taken out it must merely be unfolded to be read.

Present your problems to Miss Martel who will promptly mail personal replies to questions from readers inclosing stamped, self-addressed envelopes.

Holding Cook For Extortion

PITTSBURGH, Mar. 6.—(INS)—The Federal Bureau of Investigation today held Henry N. McCartney, a cook, on charges of attempting to extort \$4,000 from two Pittsburgh restaurant owners.

The FBI agents said McCartney admitted writing two letters to the restaurant proprietors directing each to leave \$2,000 in small bills in a waste paper container in front of a railroad station.

One letter threatened a restaurant would be damaged while the other

threatened the restaurant owner's family, the FBI said. The money was to have been left last Monday and Tuesday evenings.

SERVICE STATION OPERATOR TO MEET

Tonight at 8:30 in the Castleton hotel the recently organized Lawrence County Service Station's Association will meet. President W. M. Watters has asked that all members be present and also invites all service station men in the county to be present.

U. S. farm output rose one-third between 1939 and 1946, prices doubled and farm income tripled.

ROYAL BAGGAGE CARS DERAILED

CAPETOWN, South Africa, Mar. 6.—(INS)—The tour of the British Royal family in South Africa was marred today after a freight train carrying their Majesties' baggage was derailed between Umtata and Queenstown.

The engineer and fireman of the freight were reported injured when the locomotive and several cars left the track.

The freight was traveling an hour behind the passenger express carrying the Royal family.

A REAL FRIEND IN NEED

If we could give you only one message about your health, it would be this: Make a friend of your doctor... he's a real friend in need. No other person can do more to safeguard the health of your family. No other friend gives so freely of his time or so unselfishly sacrifices his comfort in your behalf. Whether your need is slight and simple, or dire and complicated; whether you go to his office or call him to your home—he applies his professional skill and knowledge with friendly understanding. Give him the opportunity to use that knowledge and skill to keep you well. Call upon him regularly—even when feeling "in the pink".

To Oppose Canal On St. Lawrence

HARRISBURG, Mar. 6.—(INS)—A resolution memorializing congress to prohibit the United States' participation with Canada in the proposed St. Lawrence sea-way construction project was received Wednesday by the General Assembly.

Co-sponsored by Reps. Amos R. Letsey, Chester and Daniel H. Erb, Blair, the resolution alleged the proposed shipping lane would "greatly affect" Erie and Philadelphia ports and injure American transportation, coal and iron ore industry.

The project would cost American taxpayers between a half billion and a billion dollars initially and claimed it "will produce no practical benefits for the people of the two countries it is designed to serve".

HOLLYWOOD, Mar. 6.—Linda Darnell and her husband, Camera-man Pev Morley, hope to fly to New Mexico in about three weeks for their second honeymoon.

All that's holding them back are the new final shots on "Forever Amber". 20th Century-Fox has promised Linda a three months' vacation. She's been a busy girl for a long while back.

Dicker For Ranch
Pev probably will be at the controls of the plane. He's been taking flying lessons and Linda wants to take lessons too.

They're dicker for an adobe ranch house about 15 miles from Taos. Linda hopes to spend a lot of time in New Mexico painting between pictures. She has a lot of talent.

Linda and Pev broke up last fall, but became reconciled just before Linda started "Forever Amber".

Cornel Wilde, who plays her lover in the picture, also is planning to get out of town as soon as the picture is completed, but only for three weeks. Then he has to start a picture for Columbia.

More Reports Of County Contests

The last Sunday school to enroll in the eight weeks pre-Easter increase campaign being sponsored by the Lawrence County Sabbath School association is the Mahoning U. P. of the Pulaski district. Their 1946 average was 64 and last Sunday's attendance was 62. The other Sunday school participating in the district is the Pulaski Methodist. They have made a fine start with last Sunday's attendance of 44, a

total of 14 points and a total percentage of 368.

In the Slippery Rock district the Greenwood Methodist does not have last Sunday's attendance figure in as yet but they have a total of nine

points and a percentage of 148 up to February 23. On account of the bad country road conditions the Neshannock U. P. did not hold services on the 23rd but held services again last Sunday. With im-

proved weather they will make a good showing for the balance of the campaign.

In Plaingrove district the Unity Baptist leads with last Sunday's attendance of 72, total points gained of 18 and a total percentage of 222.

The Plaingrove Presbyterian Sunday school gained four points last Sunday with an attendance of 117, and the Plaingrove U. P. also did very well with an attendance of 80.

This Home-Mixed Cough Relief Is Hard To Beat

Very Easy To Make. No Cooking. Saves Big Money.

No matter what you've been using for coughs due to colds, you'll be the first to admit that this surprising relief, mixed in your own kitchen, is hard to beat, for real results.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Once tried, you'll swear by it.

No cooking is needed—a child could do it. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then put 2½ ounces of Pinex (ob-

tained from any druggist) into a pint bottle, and fill up with your syrup. money will be refunded.

This gives you a full pint of splendid cough relief—about four times as much for your money. Tastes fine—children love it—and it never spoils. You can feel this home mixture taking right hold of a cough. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Eases soreness and difficult breathing, and let's you sleep.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations.

Just try it, and if not satisfied, your

money will be refunded.

Court Seeks To Speed Up Trial

Jurist Appears Irritated At Tactics Of Attorney Charles J. Margiotti

By JAMES H. SMITH
(N. S. Staff Correspondent)

HARRISBURG, Mar. 6.—Judge James A. Fee was resolved today there would be no delay in the trial of former Federal Judge Albert W. Johnson and five co-defendants accused of allegedly conspiring to obstruct justice.

The Oregon jurist appeared irritated when Charles J. Margiotti, of Pittsburgh, counsel for the ex-jurist and his three sons, was tardy in cross-examining witnesses.

"Call the next witness," Fee barked at government prosecutors. "This case is going to move. I assure you that I'm not going to allow any delays for you to consult with everybody in the courtroom about what's going to happen next."

"Any measures that it is necessary for me to take to see that it does move, I will take," Fee promised.

Margiotti explained that he had not fully examined the witnesses and that he had "a duty to perform under the law". On one occasion Margiotti was scanning his notes and the other time consulting with the Johnsons.

Other Defendants
In addition to the 74-year-old former Lewisburg jurist, who resigned July 3, 1945, during two investigations of his official conduct in two decades, other defendants were his sons, Capt. Albert W. Johnson, Jr., Williamsport, former Snyder County District Attorney Donald M. Johnson, Middleburg; Miller A. Johnson, Lewisburg attorney, and Jacob Greenes, a Scranton beer salesman, and John Menolo, former Scranton attorney.

Not guilty pleas have been entered by all defendants to charges of conspiracy to obstruct justice and defraud the United States contained in an indictment returned by a federal grand jury at Scranton September 11, 1945.

As the trial goes into its sixth day, the prosecution was expected to re-summon to the witness stand for additional questioning Robert Michael, of Clarks Green, who was a trustee for the Central Forging company during reorganization proceedings handled by the former judge five years ago.

Military Camp In Palestine Under Attack

JERUSALEM, Mar. 6.—(INS)—Three British soldiers were wounded today in an attack by Palestine underground units on a military camp near Hadera.

The assault, latest in a series of sustained violence, came as British military authorities and Palestine government officials sought new means to quell attacks of the underground.

Underground agents, believed member of the Irgun Zvai Leumi organization which promised to

open warfare against the British, carried out a relentless series of incidents which kept the Holy Land on edge.

A Jerusalem dispatch to the London Daily Express said that Lt. Gen. Sir Miles Dempsey, British commander-in-chief in the Middle East, arrived in Palestine for urgent conferences.

CONTEST REPORT FROM MT. HERMON

The Mt. Hermon Presbyterian Sunday school of Slippery Rock district has furnished completed figures to date and have enrolled

in the eight weeks pre-Easter increase campaign being sponsored by the County Sunday School association.

Their 1946 average was 48, February 16 attendance 51, February 23 attendance 44, and March 2 at-

tendance 66. This gives them a total of 11 points gained and a total percentage of 229.

'Heaven Can't Wait' Will Be Theme Of Dr. Robert J. Wells

First Methodist Church Filled To Capacity For Wednesday Evening Revival Service

Continuing his soul-moving timely addresses in the First Methodist church, North Jefferson street, in connection with the city-wide revival in progress there, Dr. Robert J. Wells, of Wheaton, Ill., will address his audience this evening on the topic "Heaven Can't Wait". The service, which gets under way at 7:30 o'clock, will be opened by a great song service led by Forrest Schickedanz, who is also directing the massed choir during the revival and tenor soloist for the campaign. Wednesday evening the massive audience overflowed the main auditorium of the downtown church to fill the large Sunday school room to hear Dr. Wells as he fluently spoke on the subject "God Doesn't Want You To Go To Hell". During the straight-forward remarks Evangelist Wells told the audience that God has already done his part for mankind by providing his sinless Son, Christ, to die for the sins of the world. The next move must be made by man if he wishes to escape eternal punishment. As in previous meetings numerous seekers were found in the inquiry room to learn the way of life.

The musical program of Wednesday evening's service proved to be one of the most outstanding of the campaign with the choir attracting the attention of the audience with its excellent presentation. Following the congregational song service and selections by the Smitty Girls quintet, Mr. Schickedanz sang very effectively "No One Ever Cared for Me Like Jesus". Friday evening's service will be held for the last time in the First Methodist church with the concluding services of the revival to be moved to the Scottish Rite Cathedral on Lincoln avenue. Special instrumentalists, Mr. and Mrs. G. Howard Jones, of Milwaukee, Wis., will be present over the weekend to assist in the campaign.

Pomona Grange To End Winter Season

Plainsboro Grange Will Entertain Lawrence County Grangers On Saturday

Lawrence County Pomona grange will assemble Saturday, March 8, at Plainsboro Grange hall for its last meeting of the winter season. Pomona Master W. H. McCullough will preside at the morning business session that will open at 10:30 o'clock. A noon luncheon will be served by women of the host grange. There will be a noon hour assembly of all lecturers to plan for the state conference that will take place in the early spring at Lock Haven.

Highlights of the afternoon program which will begin at 1:30 o'clock will be a talk by Jacob C. Wachman, executive vice-president of the Greater New Castle Association, and a talk on "Lawrence County Poultry Raising" by George Young, of East Brook grange. Mrs. Carl Mason, of New Wilmington grange, will offer two vocal solos, while Mrs. John Robinson, of East Brook grange, will please with readings.

This will be the last Pomona gathering until June, when Pleasant Hill grange will entertain granges of the county.

Russia Grants Loan To Poland

LONDON, Mar. 6.—(INS)—Russia today granted a loan of 28 million, 850 thousand dollars to Poland.

Announcement of the first sizeable loan ever made by the Soviets was contained in a Moscow radio broadcast disclosing that the Russian government has signed an economic agreement with the Warsaw regime.

Under the agreement the Soviets also agreed to supply Poland with armament and other military equipment on a credit basis.

College Faculty Plans Social Time

NEW WILMINGTON, Mar. 6.—Members of the Westminster College Faculty Social club will present a "take-off" on the opera "Macbeth" at their social time to be held next Wednesday evening in the parlors of the U. P. church. Charles Sager is in charge of the program.

"MY CAKES ARE ALWAYS 'TOPS' NOW THAT I USE VELVET"

—SAYS MRS. GEORGE ROOT

Mrs. George Root, 307 Ashland Ave., Detroit, says, "My cakes are always tops now that I use Velvet. Whenever I try another cake flour, I realize how wonderful Velvet is."

Mrs. Root knows Velvet. She is one of the many good cooks who have helped give Velvet its leadership. Why not follow her example and use Velvet for all your baking.

Where VELVET Is Best Known

Women Buy 3 Times As Much VELVET As Any Other Cake Flour

Amazing New Survey Shows Velvet Far Ahead of All Other Cake Flours

An amazing independent survey actually shows that where Velvet is best known women buy three times as much Velvet as any other cake flour.

There's a reason for this. They say they get the best results when they use Velvet. The tenderest, flakiest pastry—the fluffiest, lightest cakes—that's what every woman wants, and Henkel's Velvet Cake Flour can help you to get them.

Velvet is such a wonderful flour because its quality is carefully controlled. It's uniform—every bag just the way it should be.

Just try this great flour and see if you don't join all the other good cooks who say, "Velvet's tops."

PEACH UPSIDE-DOWN CAKE

1/4 cup butter, melted
1/2 cup brown sugar, firmly packed
Dash salt
2 1/2 tin of peach halves, well drained
3/4 cup sifted Velvet Cake Flour
1 teaspoon baking powder
1/2 teaspoon salt
3 eggs, separated
3/4 cup sugar
1/2 cup water
Few drops almond extract
Tart red jelly

Melt butter in a 10-inch skillet or a heavy cake pan. Remove from heat and stir in the sugar and dash of salt. Arrange peach halves in syrup, hollow side down.

Sift flour, measure, and resift 3 times with baking powder, and salt. Beat egg yolks until light and lemon colored. Gradually add 1/2 of the sugar and beat until light. Add water gradually and mix well. Add flour mixture until almost stiff. Add remaining sugar gradually and continue beating until mixture stands in peaks. Fold into batter lightly but thoroughly. Pour over peaches and bake in a moderate oven 350°F. for 30 to 35 minutes. Remove from oven and let stand 5 minutes. Turn out onto serving plate. Fill each peach cavity with jelly and serve immediately.

6 to 8 servings

Coupons that entitle you to scarce aluminum ware are still in every bag of Velvet Flour.

Garden Notes

It is time for the kitchen gardener to prepare a planting schedule for the season. To reap as large a harvest of fresh vegetables as possible from a limited area it is essential to chart planting dates and arrange for succession plantings.

Fleshy rooted woody plants such as magnolias or the tulip tree, should be obtained and planted early in spring. Plants of this sort usually transplant less successfully in the autumn.

Sterilize all soil used for seed sowing and boiling water or a sterilizing powder. Better still, if you can obtain it, buy professionally sterilized soil.

Regal lilies which are otherwise hardy are tender when they first start to grow in the spring. A late frost may stunt the tops and keep them from flowering. Have a supply of straw or leaves handy that can be thrown over the plants when a late frost threatens.

In the vegetable garden the asparagus bed should receive attention first as it is amongst the first of the permanent plants to start growth and this new growth can be easily damaged.

Hot beds should be started soon regardless of whether the season seems early or not. Seeds of early cabbages, tomatoes, cauliflowers, egg plants amongst the vegetables and

of dahlias, stocks and candytuft amongst the flowers may be sown now for early crops.

PITTSBURGH—(INS)—All-aluminum merchant ships may not be too far in the future. Two ships to

be constructed almost wholly of the light metal already have passed the drawing board stage. The Aluminum Company of America will build the two vessels for use in Caribbean runs for transporting bauxite.

Arctic Clothing Heating Plans Dropped By Army

By FRANCES MUSIC
(U. S. Staff Correspondent)

WASHINGTON, Mar. 6.—The army disclosed today that newly based plans for heating Arctic clothing have gone with the wind.

An announcement said that windmills with three and one-half foot propellers turning in opposite directions could develop enough electrical power in a 25 mile an hour wind to heat adequately Arctic uniforms in 65 below zero weather.

The War department's pride over this finding was immediately tempered with this statement:

"But because the average wind velocity in the interior of Alaska does not exceed eight miles an hour, and that for only half the time, windmills for this purpose would have to be so large as to preclude their practical application in that region."

This was determined in quarter-master corp studies of the possibility of using windmills to generate electric power for warming soldiers exposed to the extreme cold of top-of-the-world winter.

ed periods at 14 degrees above zero and for lesser periods of time as the temperature goes down.

Two-hundred watts of electrical power was said to be required to heat an Arctic uniform sufficiently for an inactive man at 65 below zero.

Army scientists said that they found that an eight mile an hour wind was a potential power of 1.75 watts per square foot.

They observed that no generator could supply 200 watts from an eight mile an hour wind unless the two propellers were 20 feet each in diameter.

This size was discarded as being too bulky and heavy to serve as a portable device.

In a 25 mile an hour wind the propellers would need be only three feet in diameter to generate 200 watts.

'Forever Amber' Trial Closing

Court Decision On Whether Book Is Obscene Will Not Be Given At Once

BOSTON, Mar. 6.—(INS)—The trial of the controversial novel "Forever Amber" drew to a close today.

But a superior court decision on whether the book is obscene will not be known for some time.

Alexander Lindsey, celebrated for his defense of literature against censorship, summarizes for the defense.

However, before Judge Frank J. Donahue renders his decision he

must read the story of the life and loves of a courtesan in 17th century England. The book is 900 pages long.

Judge Donahue said he tried to read it Monday night. He added: "But I fell asleep after ten minutes with it."

The judge refused to accept even as limited evidence a portfolio of "Forever Amber." He said he had been "stung" after buying books favorably reviewed, some of them, perhaps by "shabby fellows in Greenwich Village."

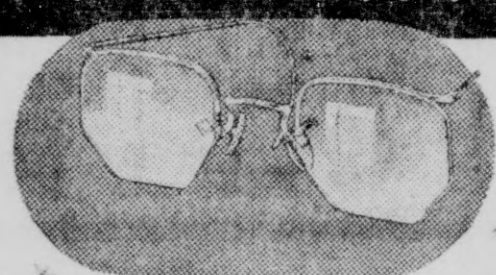

During the three-day trial of the book under a new Massachusetts law which permits trial of a book

rather than the publisher or book store, the novel was defended, pronounced boring and denounced as obscene.

Dr. A. Warren Stearns, prominent psychiatrist and Tufts college professor, told the court he was asked to read the book by Attorney General Clarence A. Barnes who brought the action. Stearns said: "I wouldn't read the book unless I was paid for it. I don't read that type of junk."

The doctor, a former state commissioner of correction, said "Forever Amber" is sufficiently "sexy" to be considered obscene but not enough that normal adults should be denied the right to read it.

There is no "Substitute" for
CORRECT VISION!

Want to do your best work on the job? Want to get the most pleasure out of your leisure hours? You can't do either without CORRECT VISION. It's the keystone of success and happiness. Don't "gamble" with anything so important. Play safe!

Communist Troops Pushing Forward In Chinese War

PEIPING, March 6.—(INS)—Chinese Communist troops thrust two attacking columns today to within 22 and 25 miles of the United States naval operational base of Tsingtao on the coast of embattled Shantung province.

One Communist force, smashing south in an area across Kiaochow bay from Tsingtao, was reported in

Chinese advices to be storming the rail city of Chiaoohsien, only 22 miles northwest of the American Seventh Fleet anchorage.

A second Red column, bearing down from the north toward Tsingtao, opened an attack on the key highway junction of Chimo, 25 miles above the Tsingtao headquarters of the U. S. naval forces in the Yellow sea off North China.

Another Communist column was said to have battered its way into Kaomi, 36 miles northwest of Tsingtao.

MONOXIDE VICTIM
PITTSBURGH, Mar. 6.—(INS)—Charles W. Davidson, 59, died in a

WEDDING ON DAY OF GOLDEN ANNIVERSARY

Solemnized on the golden anniversary of her grandparents, marriage, was the wedding of Miss Betty Jean Campbell, of this city, and Alfred Harlan Shaffer, son of Mrs. John Henry Shaffer, of Sharon. The ceremony took place Sunday, March 2, before an assemblage of flowers and ferns in the living room of the home of her uncle and aunt, Mr. and Mrs. Earl D. Keely, 928 Hazel street.

Rev. Clyde Myers, of Sharon, officiated at the one o'clock afternoon ceremony in the presence of members of the two families.

Mr. and Mrs. William Joseph Campbell, of 1210 West State street, grandparents of the bride, who celebrated their golden wedding on the same day, acted as attendants to the bride and groom.

The bride wore an afternoon dress of dawn gray crepe with black accessories and an orchid corsage. Mrs. Campbell wore an Alice Blue dress with black accessories and a corsage of yellow roses.

Following the ceremony, Mr. and Mrs. Campbell entertained the bridal party and immediate families at dinner in The Castleton. During the afternoon and evening Mr. and Mrs. Keely held open house for the bride and groom and Mr. and Mrs. Campbell. Hours were 3 to 5 and 7 to 9.

Mr. and Mrs. Shaffer left by plane from the Pittsburgh airport for a honeymoon in New York City. On their return they will be at home after April 1 at 340 New Castle street, Sharon, with the groom's mother.

More than 100 friends and relatives called during the afternoon and evening at the Keely home to extend congratulations to the bride and groom and to the couple who were married 50 years ago in the Wampum Methodist church.

Jesus Washes The Disciples' Feet

Highlights On The Sunday School Lesson

(The International Uniform Lesson on the above topic for March 9 is John 13, the Memory Verse being John 13:34, "A new commandment I give unto you, that ye love one another; even as I have loved you, that ye also love one another.")

By NEWMAN CAMPBELL

The entire action of this lesson takes place in an upper room in a house in Jerusalem. Jesus and His disciples came to this room to take supper together on Thursday of Passion week.

Before they entered the room the disciples had been contending as to who would have the highest place in the kingdom of Christ, and they were, according to a sermon of the late Dr. J. D. Jones, angry with one another.

another. The custom of washing the feet before meat was a slave's duty, but where there was no slave, the disciples themselves performed this office for one another. None would do it, however, so the Master, Jesus Himself, "laid aside His garments and took a towel, and girded Himself."
 He poured water into a basin and began to wash the disciples' feet, drying them on the towel. When He came to Simon Peter, the latter said, "Lord, dost Thou wash my feet?" Jesus answered and said unto him, "What I do thou knowest not now; but thou shalt know hereafter."
 "Peter said unto Him, Thou shalt never wash my feet. Jesus answered him, If I wash thee not, thou hast no part with Me." Ashamed, Peter answered, "Lord, not my feet only, but also my hands and my head."

Jesus said, "He that is washed needeth not save to wash his feet, but is clean every whit; and ye are clean, but not all. For He knew who would betray Him; therefore said He, Ye are not all clean."

Jesus Chides Them
 After He had washed their feet and all were seated, Jesus reprimanded them in His own gentle way: "Ye call Me Master, and Lord; and ye say well; for so I am."

"If I then, your Lord and Master, have washed your feet; ye also ought to wash one another's feet. For I have given you an example, that ye should do as I have done to you."

The servant is not greater than his lord; neither he that is sent greater than he that sent him. If ye know these things, happy are ye if ye do them."

Many people, old and young, today, think certain tasks are "beneath" them, they call them "menial" tasks. If Jesus was not too great to do such a task as this, should we not be ashamed to feel that any task is too lowly for us to do?

Jesus knew well who it was of His intimate friends who would betray Him, but apparently none of the others suspected Judas, even after the following incident took place. Jesus said, "Verily, verily, I say unto you, that one of you shall betray Me," and He was troubled in spirit. Now John, whom Jesus loved, was leaning on the Master's bosom, and as the disciples looked at one another, wondering which of them Jesus meant, Simon Peter beckoned to John and told him to ask Jesus who it was that should betray Him.

Jesus answered John by saying, "He it is, to whom I shall give a sop, when I have dipped it." So saying Jesus dipped the sop and gave it to Judas. Satan entered into Judas then, John tells us, and Jesus said to him, "That thou doest, do quickly."

No man at the table guessed, even after what Jesus had done and said, that Judas was the betrayer. Some of them thought that because Judas had the bag containing all their money, that Jesus had told him to buy things of which they had need for the feast of the passover, or to give something to the poor. Judas accepted the sop and went out into the night.

Tried To Make Them Realize
 Once again Jesus tried to make His disciples understand that His time had come, and that He would be with them a very short time. He

said, "Little children, yet a little while I am with you. Ye shall seek Me; and as I said unto the Jews, Whither I go, ye cannot come; so now I say unto you."

"A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another."

"By this shall all men know that ye are My disciples, if ye have love one to another."
 Simon Peter asked Him, "Lord, whither goest Thou?" And Jesus answered, "Whither I go, thou canst not follow Me now; but thou shalt follow Me afterwards."

Said Peter, "Lord, why cannot I follow Thee now? I will lay down my life for Thy sake."

Jesus, knowing Peter, said, "Wilt thou lay down thy life for My sake? Verily, verily, I say unto thee, The

cock shall not crow, till thou hast denied Me thrice."

Thus ends today's lesson. How much Jesus loved these men who had shared His work and witnessed His acts of goodness! (Distributed by King Features Syndicate, Inc.)

In the time of the emperor Kublai Khan, Mongolians had wagons so large that it required 22 oxen to pull them, and the space between the wheels measured 20 feet.

Two Soldiers In Japan Sentenced

SENDAI, (Japan), March 6.—(INS)—Sentences of two years imprisonment and dishonorable discharge from the service were imposed today upon two American soldiers who obtained rubber illegally from a Japanese factory. Convicted were Pvt. Sidney H.

Bruce, of Louisville, Ky., and Pvt. Charles A. Carrigan, of Fort Worth, Tex.

In obtaining the rubber they used the aliases of "Captain Buck Jones"

and "Staff Sergeant Tom Mix" of the American military government in Japan.

Mozart gave his first concert at the age of 6.

St. Petersburg Greets More New Castle Visitors

Another Group From Lawrence
County Arrives In Sunshine
Sector Of Nation

By JAMES P. CALDWELL
ST. PETERSBURG, Fla., Mar. 4.—Mrs. Charles E. Allen, Mrs. L. A. Wygant and Mrs. Evelyn McKibben, latest New Castle visitors to St. Petersburg, were guests of Mr. and Mrs. J. R. Thompson at the Princess Martha Hotel for dinner on the evening of March 1st. Mrs. Thompson is the former Mrs. Urey, of Laurel Boulevard.

Others present were Mrs. Charles Nolan, Mrs. Fred Rentz, Mrs. Otto Fischler, Mr. and Mrs. Hans Drio, and daughter, Betty, also of New Castle, and Mrs. Carrie Criswell, of Beaver Falls.

Mrs. Allen, Mrs. Wygant and Mrs. McKibben, left for Miami and Key West. They expect to take a trip by plane to Havana, Cuba, before driving back to New Castle.

Other recent arrivals here from New Castle are Mr. and Mrs. Carl P. Kirchner and Mr. and Mrs. P. E. Pilowers.

Mr. and Mrs. W. J. Offutt of the Wilmington road and Mr. and Mrs. John Offutt, who are located at Clearwater, Fla., were here Tuesday trying out the green benches. They are going to Pinehurst March 16th where they expect to meet twelve couples from New Castle at the golf tournament.

Mr. and Mrs. James T. Ray are at Dunedin this winter, where they have spent a number of seasons.

Mr. and Mrs. William Lewis, are spending the winter here. Mr. Lewis was formerly head of the Pennsylvania Engineering Works and now makes his home in Pittsburgh.

Soldier Thanks ARC Chapter Here

New Castle Red Cross headquarters has received a letter from a local soldier, thanking the county chapter for their gift given him prior to his shipment overseas.

Pvt. Frank Teas writes: "I wish to thank all the members of the Lawrence county chapter of the American Red Cross for the gift which was given me on my long trip across the Pacific. I received the package near Christmas time and it boosted my morale very much. I wish to thank you again and say keep up the good work."

EINSTEIN REGRETS HIS A-BOMB WORK

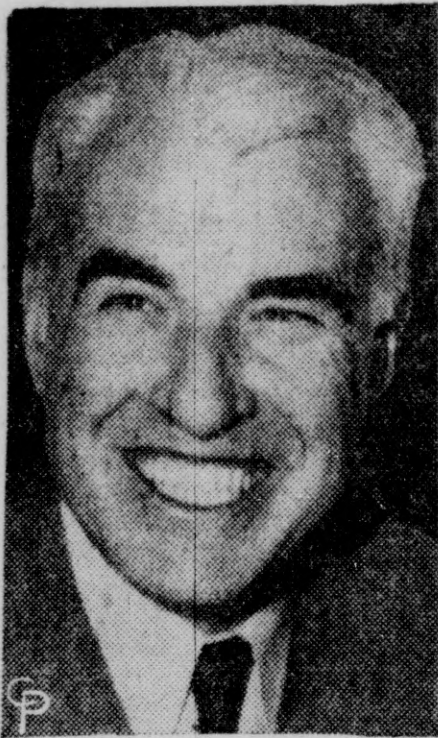

NEW YORK, Mar. 6.—(INS)—Prof. Albert Einstein, indicated today that he regrets he had anything to do with the development of the atomic bomb.

In an interview printed in Newsweek magazine, Einstein said: "I am I know that the Germans would not succeed in developing an atomic bomb, I would have done nothing for the bomb."

Einstein described the atomic bomb as America's "magnificent line," in that the "secret" gives the United States only "security in imagination."

Gets RR Post

FORMER Secretary of State and U. S. delegate to the UN Security council Edward R. Stettinius has been selected by Robert R. Young as head of the advisory board for the Federation of Railway Progress, the new organization set up by Young as a rival of the American Association of Railroads. Headquarters for the FRP will eventually be set up in Cleveland. (International)

Purim Services

At Temple Israel

Purim and Sabbath services at Temple Israel will be conducted Friday evening, March 7, at 8 o'clock with Dr. Iwan Gruen, rabbi of the congregation, in charge. Dr. Gruen will preach on "Purim's Old lesson to a New World". The annual Purim program of the religious school will be presented Sunday morning, March 9, at 10:30 o'clock.

ROBBERS ACTIVE

NEAR COUNTY JAIL

PITTSBURGH, Mar. 6.—(INS)—These robbers apparently were unworried as they worked in the shadow of what possibly may be their next home—the Allegheny county jail.

George Wilke, operator of a filling station less than a block from the jail, told Pittsburgh police today that two armed men took \$30 from him and another \$12 from a customer.

Need \$15,000,000 For Hospital Care Of State Indigent

HARRISBURG, Mar. 6.—(INS)—Approximately \$15,000,000 will be needed this year from the state's treasury to finance free care of indigent patients in 168 general hospitals, it was estimated today by the Hospital Association of Pennsylvania.

During 1946, it was added, the state allocation amounted only to \$4,367,775 while free services rendered by hospitals cost more than \$13,000,000.

The association's announcement

foreshadowed a campaign in the legislature to persuade assemblymen to liberalize allocations.

"The simplest arithmetic demonstrates that the amount of state aid must be greatly increased," said Dr. D. C. Snelzer, managing director of the Germantown Hospital at Philadelphia. "The alternative is a further huge rise in the aggregate deficit of those hospitals and a danger that the essential free service they render will be throttled."

The Association estimated that \$31,300,000 would be needed from the state during the 1947-49 biennium opening June 1 to provide free care.

State law provides that state aid for free care shall not exceed \$4 a day for each bed patient; no reimbursement is made for dispensary treatment.

Child Deserter Given Freedom

PITTSBURGH, Mar. 6.—(INS)—Mrs. Betty Maxa, 22, today was free following a court hearing in the abandonment of her blind, 14-months-old daughter, Donna Lee, in a Pittsburgh courthouse wash room.

Magistrate Frank J. Zappala discharged her in morals court yesterday when she explained she had abandoned the baby because she could not get medical attention for the child on the \$5-a-week the court ordered her husband, Robert Maxa, to pay her out of his \$20 weekly government check.

The blind child was found last

Friday. The next day Mrs. Maxa regretted her move and gave herself up to police to get back her baby.

Meanwhile, an anonymous person sent \$50 in care of morals court attaches for the baby, and two other donations of one dollar each were received by police. The money was given Mrs. Maxa.

The baby still is in a foundling home where she will remain until a complete check is made to determine whether anything can be done to give it sight.

MARINE CORPS LEAGUE WILL MEET TONIGHT

Gunnery Sergeant Harry T. Burns detachment of the Marine Corps league will meet tonight in the Castleton hotel. All members are asked to be present.

Haarlem, capital of the Dutch province of North Holland, grew up around a castle, and obtained municipal rights in 1945. In 1942 it was seized by the peasantry and when it was recovered by the Imperial Stadholder, Duke Albert of Saxony, it was deprived of its privileges and burdened with heavy taxes.

Bessemer, Union, Shenango, Evans City Win Tournament Games

Over 700 Fans See Tri-County Opening Round

Mayberry, Tonya, Glass, Rotunno, Leasher, Outstanding Performers

SEMI-FINALS ON FRIDAY EVENING

Four good games were played last night in the opening round of the annual tri-county floor tournament at the George Washington High court, with over 700 fans in attendance.

Surviving the first round clashes and entering the semi-finals Friday night were Bessemer, Union, Shenango and Evans City. The lineup for Friday night will pit Bessemer against Union and Shenango against Evans City. In the consolation games Friday Zelenople will play Mars and Mt. Jackson meets New Wilmington.

Bessemer Wins Opener
In the opening game in the tournament the Bessemer High team, paced by their star center Tonya, with 18 point and Glass with 16, defeated Zelenople with ease 54 to 32. Perrine and Phillips led the scoring for "Zelle". "Rabbit" Madrid was a tower of strength to the Bessemer team and added 11 points. Bessemer led at the half 25-18. Ciccone's team was never in danger.

Union Dumps Mars
Union High had the easiest time in the tournament last night, walloping Mars High 44 to 25 with Rotunno, Pilshaw and Cartwright in starring roles for the Patterson coached Scotics. Union led at the half 17 to 12, finishing strong. Best in the Mars lineup were Parks and Gearing with five points each.

Evans City Grabs One
Evans City High defeated Mt. Jackson in the third game 46 to 37 in one of the closest and hardest fought of the battles last night. In starring roles for Evans City were Leasher with 17 and Wingard with 13. Gibson led the "Mounties" in scoring with 11, followed by Julian and Butler. The game was unusual in the fact that the score was tied up at 12-12, 20-20 and 34-34 for the first three periods.

Shenango Wildcats Win
Don Mayberry, leading scorer in Section 21 this year, continued his great stride last night in the opening of the tournament by flipping in 21 points, being the outstanding performer, as the Shenango Wildcats thumped New Wilmington 51 to 33, with the Eddie Nahas coached passers leading at the half 19 to 15. Supporting "Big Stretch" last night was John with 11 points. Best in the New Wilmington lineup were Elder with 11 points and Graham and Wilson with six each.

Tourney Well Handled
The tourney last night was well handled by the Lawrence county committee—Chandler McMillan of Bessemer, Glenn Johnston of Shenango and Walt Whitman of New Wilmington. Faculty Manager Rob-

ert M. Mills of senior high kept score for all games and Coach Bill Douglass was the timer.

It was announced that the doors will open at 6:15 Friday with the first game at 7 o'clock. Students can get in for 25 cents, adults 50 cents for all tourney games.

Shenango Valley All-Stars Meet

Pulaskis Sunday

Shenango Valley All-Stars, who have appeared twice in this city this season under the banner of the Donegan Raiders, will visit the Arena Sunday afternoon in a clash with the K. Pulaski quintet. Doors will open at 3:30 with tip-off scheduled at 4 o'clock.

In their previous appearances here the All-Stars humbled the Polish Falcons and lost a close game to the Pulaskis. During the season they have compiled a record of 28 wins and six losses. Impressive victories were notched over the Youngstown and Thiel college fives, Parkersburg Pros, Cleveland Rosenblooms, Pittsburgh Big Five and many other top independent and pro quintets.

The Shenango valley team has added two of Youngstown college's brightest stars, Christeln and Gergely, and will come here with a potent array of basket-bombers, averaging 6 feet 2 inches in height.

Titans Ending Season Tonight At Washington

Westminster Finishing Second Best Season Since Washabaugh Started 10 Years Ago

FREDDY PAINE IN HIS FINAL GAME

NEW WILMINGTON, Mar. 6.—As a result of their impressive 65-55 victory over Geneva at Beaver Falls Tuesday night, the Westminster College Titans will hang up the second best record in Coach Grover C. Washabaugh's 10 years at Westminster regardless of what happens in the season's final against W.-J. at Washington Thursday night.

The Geneva victory gave the Titans a record of 21 wins in 24 starts. The best previous mark compiled by a Washabaugh coached team was the 1940-41 club which won 20 and lost 1, the defeat coming in the Metropolitan tournament at Madison Square Garden.

Farewell For Paine
The Geneva triumph added more than just a win to the record. It was accomplished in a workmanlike manner despite the absence of the team's star, Bill McClinton, injured Canonsburg sharpshooter who registered 22 points against the Covenantors in the 76-53 victory here. The margin of victory was greater than that scored over the Covenantors on their own court by any other district team. The Titans will "bear down" against W.-J. to add to their great record. They are confident that if they can hold "Hank" Knoche, W.-J.'s chief scoring threat, they can repeat their earlier victory over the "Little Presidents".

The contest will be the final for Fred Paine, Titan guard, who has been a regular for four years.

Locals Whip East Palestine, Toronto Legion Last Night To Advance In Tourney

K. Pulaski cagers took swift strides in the East Liverpool, O. tourney last night as they won a double-header at the Ohio floor, whipping the E. Palestine Legion 43-37.

Saturday the "Big Five" will enter the semi-finals, meeting the East Liverpool Vets. In their first game last night the locals were 12 points in the arrears in the final frame but caught fire to snatch the victory.

Baxter Hopes To Tighten Defense

Has Won 20 Decisions, 20 Kayoes And Five Draws In 54 Fights

Having polished off Ted Turner, middleweight sparring mate of Dorsey Lay of Philadelphia, in a six rounder at Pittsburgh, Larry Huff of Pittsburgh is hopeful of bringing down Russell Baxter of this city when they battle eight rounds in The Arena next Wednesday night.

Having an exceptionally long reach, plus a knockout punch, Huff hopes to stop Baxter who has won 20 decisions, 20 other fights with a knockout, drew in five and dropped the rest either by decision or a technical knockout. In training at the Jefferson A. C., Baxter is sharpening his defense.

When he fought Mike Berskovich he went long beautifully for a time, and one of his right punches to the chin caused Mike's knees to buckle. But when Berskovich rushed and carried Baxter to the ropes, Russell backed backward and a right overhand smash knocked him out.

He is practicing keeping away from the ropes and holding up his hands. In some of his fights he has carried his guard so low that his opponents crossed rights and lefts to the head that should have been blocked or slipped.

Doing Roadwork
Baxter does several miles roadwork every morning and in the afternoons, shadow boxes, skips ropes, hammers both the big and small bags then goes several rounds with Bill Bradley, local amateur, who bids fair to top the amateur talent in this section.

Other bouts on the Jefferson A. C. card follows: Ray Miller, Ellwood City vs Joe Sharie, Pittsburgh; Eddie Starr, Ellwood City vs Gene Brinks, Pittsburgh; Benny Newkirk, New Castle vs Charlie Nulph, New Bethlehem; and of Sonny Jordan, Clearfield vs Sammy Mosely, Pittsburgh.

Inasmuch as it is Baxter's first professional fight in New Castle, his home town, there is considerable interest in the coming scrap.

Gus' Big Five In Tournament

Gus Slovisky is sponsoring a Senior team in the coming "Y" tourney with the following players—Bill Ero, Bob Jackson, Eddie Jackson, Gene Wilson, Gene DeCaprio, Bub England, Don Black, Bub Black, Jack Wallace and Pete Byers. Slovisky is also sponsoring a Junior team to be known as the Gus' Little Five.

Johnny Cabas Has Ohio Five Seeking Title

Former New Castle Star Pilots Columbiana Quint Into State Toga Picture

Columbiana high school of Ohio is grateful for a former New Castle product, Johnny Cabas of 1934-35 fame, who has brought his Clippers along in tumpung fashion this season—piloting them into the state title picture.

Johnny took over the class "B" Clippers in 1944, and in three campaigns has compiled a record incomparable in Ohio cage circles. In 1944-45 his quint sailed through their seasonal play without a setback, advanced to the state finals at Springfield, losing out in the last game of the tourney to Dayton Northridge. The season record stood at 23 wins and one loss.

Strong In 1945-46
Proving that his success was no flash in the pan, Cabas again brought his classy team into the title picture in 1945-46. The Clippers dropped a lone game during the season, a special exhibition tilt to Dayton, going through to the district finals when they were tripped by Canton North. Season's record—19 victories and two defeats. This season the successful New Castle boy has seen his charges lose but one contest, to powerful class "A" Salem, while racking up 16 wins, nine of them against "A" opposition.

Win Tri-County
Since completing the regular season the Clippers have whipped East Palestine, 59-44, for their fourth straight tri-county toga and breezed through to the sectional championships at Youngstown's South field house. In these tilts the Columbians humbled Sebring 72-28, Salineville 34-24, and Leavittsburg 78-50, to qualify for district play again at Kent State university.

For this meet the Clippers drew a first round bye and will swing into action Friday night, meeting the winner of the Ridgeville-New Lyme Dunning game.

Exciting Life
Johnny writes The News that the coaching profession in Ohio is no different than anywhere else in high school circles—plenty of excitement, interest at fever-pitch, loss of sleep and nervous indigestion.

Despite all this Johnny is very happy in his job and wouldn't trade it for any other, he states, despite the fact that the gray hairs are beginning to show in places where they shouldn't.

West Side Tigers To Meet Tonight

Manager Len Gilbert has called for a meeting of all West Side Tiger baseball players and interested fans to meet at 7:30 o'clock tonight at the Sixth Ward fire station. All of the players on the 1946 roster and any others wanting a tryout are to report.

Several important matters are to be taken up for discussion, and measurements will be taken for new uniforms, Gilbert stated. The following new men are asked to report at the meeting: Jay Thomas, Jimmy Hughes, John Magusik, Fred Shaffer, Conti and Spike Williams.

Eddie Allen Signs With Chicago Bears

CHICAGO, Mar. 6.—(INS)—Eddie Allen, University of Pennsylvania backfield star, signed a contract Wednesday with the Chicago Bears for the 1947 National football league campaign.

The Batavia, N. Y., fullback was rated the key man of the Penn attack last fall.

During World War II he served five years as a physical education instructor for army air force men, winning the reputation of being the "strongest man in the army."

Ecclesian Club Downs Greenville In Tournament

Defeat Elks, 56 To 44, With Vince Kelly Starring With 20 Points; Play Again Monday

New Castle Ecclesian club basketball team advanced to the third round of the Cortland tourney last night by defeating the strong Greenville Elks 56 to 44, with Vince Kelly starring with 30 of the points, and Rags Gennock with 15. The Ecclesiens led at the half 23 to 22 after leading the first period 12-9. The locals were bothered by the height of the Elks, made up of Thiel and high school stars.

R. Mohr, with 19 points was best for the Greenvilles, while Kochis had 16. The Ecclesiens return to Cortland Monday night for a third round battle with the strong Greenville Fireproofing team of Youngstown who defeated the Ecclesiens earlier in the year by one point. The Ecclesiens are coached by that grand old veteran Vinnie Gallagher.

Wimer And Dutkin Will Play Monday With All-Stars

Coach Bill Douglass Will Have Strong Lineup On Floor Against Westminster

New Castle All-Stars who will play the Westminster College Titans at the Arena next Monday evening in an Optimist club benefit game will have the added strength of Freddy Wimer, of Salem college, top-scorer in West Virginia college circles and a former New Castle High football and floor star, and Chinkie Dutkin, of Slippery Rock Teachers college, also former New Castle High star.

In addition the All-Stars will have such well known floor performers as Billy Andrews, Pop Adams, Paul Morrison, Eddie Cash Koszela, Rags Gennock, Bob Pitzer, Francis Pitzer, Johnny McGary, Ken Cartwright, John Zubkowsky, Tom Crauer, Joey Cooper, Gene Wilson, Lou Kreuger and others. Douglass will hold a workout at the Arena at 5:30 o'clock this evening.

General chairman of the game, Gus Slovisky, announced today the sale of tickets for the game, and it is expected that over 2,000 fans will see the battle at the Arena that brings Grover Washabaugh and his 21 and 3 Titans here for a contest.

Lions In Tourney Game Next Monday

New Castle Lions Club basketball team will play the winners of the New Lyme Merchants-Youngstown Church league team game at the Cortland tourney next Monday evening, it was announced by Manager Dick Davis. The game will start at 7:30 o'clock. The Lions won their first round game in the tourney.

Two Good Games In Church Loop

St. George Greeks And First U. P. Win League Games At 'Y' Wednesday

There were two good games at the "Y" last night in the New Castle Church league with St. George Greeks defeating the Central Christians, 53 to 39, with Eddie Hrisoulas and Rainey starring for the Greeks and Hopper and Zeigler for the losers.

The First U. P. team defeated the Wampum passers, 48 to 22, with Spears, Bob Jackson and Don Black starring for the winners and Henry Marshall for Wampum.

In an exhibition game the Epworth team took a licking from the Castles, 48 to 31, with Don Black, Bob Jackson and Wilson in starring roles for the winners, and the ancient Wainio best for the losers.

W.P.I.A.L. Floor Tourney Results

Last Night's Results

Wilkinsburg 68, Greensburg 52.

Games Tonight
Uniontown (IX) vs Duquesne (VI), Pitt Stadium.

Verona (XVIII) vs Snowden (XII), Dormont floor.

There will be a fast preliminary, starting at 7:30 o'clock, and the main contest will begin at 9 o'clock. There will be a big delegation from the Beaver valley here to see the game, and the biggest crowd of rooters from the local Legion post is expected on hand to cheer their team on to victory.

With Bill Andrews back in the lineup at a forward post, and Tom Carey also on hand, the New Castle team will be at full strength, and it will be a game well worth anyone's money to see, Manager Tom McCormick states.

New Castle will go to Beaver Falls for the second game of the series either Friday or Saturday night, arrangements for which are expected to be made between the management of the two teams here this evening.

HONUS WAGNER, the Flying Dutchman, who is with the Pirates in Florida and who several times has been in New Castle, to look over prospects or deliver an address, is 73, but keen of mind. He has a repertoire of good baseball yarns, and when asked by Guy Butler of Miami to relate some of the men with whom he'd like to play, picked National leaguers, because he spent his time short-stopping in that circuit. He didn't discuss American leaguers and wasn't inclined to give them too much credit, as for example, concerning Ty Cobb, he said: "Cobb was a great ball player, but not necessarily the greatest. I know eight or 10 men in my league (the NL) who could match him. But here's a gang I'd like to play with: Johnny Kling and Roger Bresnahan, catchers; Christy Mathewson, Grover Alexander and Cy Young, pitchers; Bill Terry, first base; Rogers Hornsby, second base; Pie Traynor, third base; Fred Clarke, left field; Clarence Beaumont, center field; Willie Keeler, right field. (You'll note he didn't mention a shortstop, but that was explained by his remark that these were the boys he'd want for teammates.)

"I pick them not only for their ability," Wagner continued "but for their aggressiveness, their winning spirit," Honus added. Of the group only Beaumont would be a trifle unknown to present-day baseball fans. He was a Pirate back there in Hans' era. "I saw him beat out six infield hits in one game," recalled the grizzled old kingpin of big league short-fielders. "He was big—big as I am—and fast as lightning." As for Keeler, the little chap who "hit 'em where they ain't," the idea of doing that appealed to the great Wagner, who said, "Willie used to watch for holes in the infield and ram the ball right through 'em. He was a marvel at that." Bill Terry, although a modern, "was a pretty fair first baseman for the Giants," Hans declared, and he mentioned that Hornsby "led the National league seven years in batting."

Some of the pitchers of our time are as good as the oldsters, maybe better, Wagner thinks. "Sure, Bob Feller's a fine pitcher, and some of the rest. You know they don't have to work with what the pitchers did back there—when hitting was really tough. Why, we had to go up against pitchers who threw spitballs, bawled balls, mud balls, paraffine balls, emery balls and a few other things like that. We never knew what was coming. Why, I remember the first spitball I ever saw. A man named Elmer Strickert came up from somewhere and he began putting the ball up to his mouth. Of course, he was applying the saliva—but we didn't know; though it was just another trick of pitching. And instead of throwing out a ball every time it got a speck of dirt on it, we used to play a whole game with five or six. Just because it got dirty was no reason for them to remove it.

Duquesne High Meets Uniontown In Tourney Tilt

PITTSBURGH, Mar. 6.—(INS)—Duquesne high school, conqueror of Homestead for the Section 6 title, tonight meets Uniontown in a first round WPIAL tournament game at Pitt stadium.

Duquesne beat Homestead last year's state finalist, in a playoff game to enter the WPIAL tourney.

Wilkinsburg high school advanced to the tournament semi-finals last night by steam-rolling Greensburg, 68-52, at Pitt stadium. Alex Jaffurs paced the victors with 25 points.

In the class B WPIAL tourney tonight, Verona, Section 18, champ, meets Snowden, Section 12, at Dormont.

May Call Young Actress To Tell Of Football 'Fix'

Petite Ida McGuire Of Hollywood Figures In Football Bribery Trial Again

NEW YORK, Mar. 6.—(INS)—Petite Ida McGuire, Hollywood bit player, was expected to be called as a witness today in the pro football "fix" trial of David Krakauer, Jerome Zarowitz and Harvey Stemmer.

Ida was summoned to testify about visits to night clubs and social engagements with Alvin J. Paris and his football playing pals, Frank Filchock and Merle Hapes.

Miss McGuire, a starlet, was called from the west coast to appear in court when it was learned she had attended a cocktail party at which Paris was host and which Hapes and Filchock were guests.

Paris Star Witness

Paris, Broadway gambler who already has been convicted of attempting to bribe Filchock and Hapes into "losing" the championship game with the Chicago Bears, was the star witness for the state again yesterday against Krakauer, Zarowitz and Stemmer.

The state contends the trio were providing Paris with financial backing in the attempted "fix" and are charged with bribery and conspiracy.

Paris spent an uncomfortable day on the stand yesterday under cross-examination by attorneys for the three defendants.

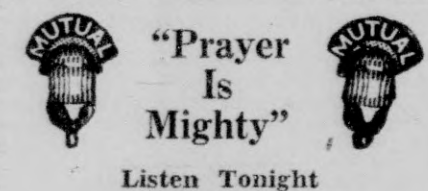

He said he had arranged "dates" for Hapes and Filchock at times with "business girls." Earlier he said he had paid Hapes and Filchock \$500 each out of money he had won in betting on the Giants against the Washington Redskins.

Greenberg Stars At Bat As Bucs Defeat Brownies

Pirates Under Billy Herman Show Fight, Kiner Also Hits Ball Hard

MIAMI BEACH, Fla., Mar. 6.—(INS)—Hank Greenberg's first competitive appearance in Pittsburgh livery didn't produce any home runs, but the new Pirate left fielder did show 2676 fans he hasn't lost his batting eye as the Bucs beat the St. Louis Browns, 3-2, in their first spring exhibition game.

Greenberg singled his first time at bat and drove in the tying run with a long fly to center field in the game at Miami Beach yesterday.

Ralph Kiner, National League home run king, also singled in the five innings he and Greenberg played.

Rookie Lee Howard, one of three pitchers Manager Billy Herman sent to the hill, was given credit for the victory.

Reese-Henrich Have Collision

CARACAS, Venezuela, Mar. 6.—(INS)—Pee-wee Reese, Brooklyn shortstop and Tommy Henrich of the Yankees today were back in action. They collided in Tuesday night's game and Reese was knocked unconscious.

Both the Yankee handyman and the popular Brooks' shortstop were in the lineup last night as both teams met for their second exhibition game before 10,000 spectators. The Yanks routed the Brooks 17 to 6 to win the opener and give an unmerciful mauling to Manager Leo Durocher's five pitchers.

Stepfather Will Seek Four Crowns

ARCADIA, Cal., Mar. 6.—(INS)—Stepfather, the 3-year-old jet job purchased by Movie Magnate Harry M. Warner for \$200,000 from Movie Magnate L. B. Mayer, was prepping today for four \$100,000 turf classics.

Trainer Graeceton Philpot said Stepfather would run in Saturday's Santa Anita derby and then bid for U. S. turf's triple crown—the Kentucky Derby, the Preakness and the Belmont stakes.

Philpot announced that Jackie Wetrop, who has been riding for Mayer, has been signed by Warner and will go east with Stepfather.

Crop And Feed Loans Available

Applications Are Being Accepted From County Farmers For Financing Farm Needs

Clair E. George, county FHA supervisor, announces that loans are again available to farmers in Lawrence county to meet their spring cropping needs. These can be used for financing the purchase of seeds, feed, fertilizer and necessary operating goods. These operating loans are written for a period of one year at five per cent interest. This type of loan continues to serve the spring cropping needs of farmers in this community, as formerly

carried on by the emergency crop and feed loan section of the farm credit administration. Farmers who are unable to finance their spring credit needs through local cooperatives or private credit sources may make application for loan assistance at the local office of the Farmers Home Administration, Post Office building, Beaver Falls, Pa.

MAPLE SYRUP FIGURES
WASHINGTON (INS) — Three-fourths of the maple syrup and sugar produced in the United States comes from Vermont and New York. Southern Quebec and southern Ontario, across the border in Canada, complete a compact area that accounts for more than four-fifths of the world's maple sweets supply, according to the National Geographic society.
